MAKING GOOD TIME

KANSAS CITY TOURISTS ARRIVED RIGHT ON TIME.

TWENTY-THREE AUTOS

Mr. Buffum, State Highway Engineer, Who Accompanied Tourists, Gives Good Roads Talk.

The Kansas City tourists arrived in Maryville at noon and made a two-hour stop here. There were twenty-three automobiles with ninety people from Kansas City in the party. All of the cars were 1914 models.

Dinner was taken here at the Linville, and during the meal music was furnished by Misses Amy Clark and Edith Wilson on the piano and violin, and a number of songs were given by members of the Kansas City party.

Frank Buffum, state highway engineer, is with the party, and said the roads were very good in this county. Mr. Buffum was in conference with two members of the Nodaway county highway commission, John Clary and E. H. Babin, in regard to the county seat roads and the state line roads. Mr. Buffum will inspect these roads some time later on.

The party came here from Ravenwood, where a stop of twenty minutes was made. They had no trouble in making the run, but had to go out of the way on account of building a new bridge near Thad Wideman's farm. The tour is under the direction of E. E. Peake, secretary of the Kansas City Automobile Dealers' association, and is for the purpose of advertising the cars handled in Kansas City. Another purpose of the tour is also to talk good roads.

On the arrival of the party in the city the band gave a number of selections. The cars lined up in front of the Linville and blocked that street.

The Gabriel horn of ten tones each on a Winton car gave a number of selections. The horns have fine tones when played by a proficient musician. They are attached to the side of the car.

After the dinner a smoker was given at the Elks club in honor of the visitors.

Mr. Buffum, state highway engineer, is talking to a representative of this paper, said:

"Organize your county along the plan of keeping up the roads in Macon county. Send men out in sets of two. Have two men go north to put in culverts, two more to grade, and so on. Do this in all directions. Do it now. Don't wait until next spring. Have it done before Christmas.

"Build roads at least forty feet wide; culverts should be thirty feet from tip to tip. Curves and turns in roads should be well rounded. Shrubs and trees at turns must be cleared seventy-five feet back from the roads. Knobs, bulbs, trees, weeds and shrubbery must be done away with at railway crossings."

Those are some of the ideas being pounded into the heads of listeners by Mr. Buffum. Build well, build strongly, build permanently, is the tenor of all the speeches.

"Don't procrastinate; hurry in the work," urges Mr. Buffum. "You townspeople and the farmers are the ones who will benefit most by the better roads. The farmer gains 95 per cent and the motor car owner about 5 per cent as the result of good roads. Better roads mean an increase in value of the farms. Rainy days may be utilized. Now they are mostly idle days for the farmer. With good roads he may go to town on bad days and carry his products."

The advance car of the tourists arrived in Maryville about 10:30 o'clock to make arrangements for the dinner of the party. They were in an Auburn car, and the party was composed of E. L. Robbins, B. E. Gridley, James W. Whittaker and Mr. McFall, all of Kansas City. D. M. Bishop accompanied the party from Ravenwood to this city.

The Kansas City party was met at Ravenwood by a number of Maryville men, accompanied by the Maryville band. The band furnished a number of selections at Ravenwood. The following were in the Maryville party that made the trip: Earl Barnmann, Paul Sisson, N. Sisson, M. R. Rittenour, Andy Chris Cummings, John Sewell, Theodore Robinson, Homer Shipp, George McMurray, W. H. Brown, Dr. Frank Wallis, J. F. Hull, Mayor A. S. Robey, Joe Brown, Floyd Miller, W. A. Miller and the members of the band.

The tourists left her at 2:30 o'clock and went to Burlington Junction and on to Tarkio, where they will stop for the night. Three cars of Burlington Junction people and two cars of Tarkio citizens piloted the tourists out of Maryville.

Here From Colorado Springs.

Miss Mary McNellis of Colorado Springs, Col., arrived in Maryville Wednesday night on a two weeks' vacation visit to her parents, Mr. and Mrs. Patrick M. McNellis.

NIGHT COURT AT PICKERING.

Maryville Boys Appeared Before Mayor Burks of That City—Only One of Them Fined.

A party of Maryville boys who were out joyriding Wednesday night seemed to have gotten into trouble at Pickering when they visited that town. They were having a good time and were singing, but the Pickering people could not stand their singing, and so one member of the party was arrested by Marshal J. R. Brainger of that place. This one was charged with disturbing the peace.

It was necessary to hold a night court about midnight, and Mayor W. A. Burks was on the bench. The man arrested gave his name as Bill Bush, and he was defended by Attorney Paul Kuchs. The Maryville attorney said there was no law at Pickering and that they could not hold court, to which Mayor Burks said that he would fine Bush \$1 and costs, amounting to \$5.10, and if the defendant didn't pay it he would have to work for the city. He promptly paid the fine.

The Maryville car was driven by Cecil Wilson. There were five members in the party.

All of the above facts were sent to The Democrat-Forum by our Pickering correspondent.

THE KIMMITT FUNERAL.

All But Two of the Children Were Present at the Funeral of Their Mother in Clyde Wednesday.

The funeral services of Mrs. George Kimmitt of Clyde, who died September 10 at Blakesley, O., while visiting her mother, were held Wednesday morning at 9 o'clock at St. Benedict's church in Clyde by Rev. Fr. Frowin. Mrs. Kimmitt was stricken with apoplexy while assisting in caring for her mother, who is recovering from her illness.

Mrs. Kimmitt is survived by her husband and ten children, four having preceded their mother to the better world. Eight children were in attendance at the funeral and were Frank Kimmitt of Cripple Creek, Col.; William Kimmitt of Powell, Wyo., and John Kimmitt of Joliet, Ill., stepsons; Mrs. Henry Heik of Parsons, Kan.; Adam Kimmitt of Clyde, George Kimmitt of Sunburst, Mont.; Mrs. Joseph Lanneman of Clyde, Sister Mary Hildegard of St. Francis hospital at Maryville; Josephine, Agnes and Andrew Kimmitt of Clyde. The two children unable to be present were Joseph Kimmitt of Lilac, Mont., and Michael Kimmitt of Webb City, Mo.

To Crocker's Brigade Reunion.

W. D. Ashford of this city went to Clarinda Wednesday to attend the seventeenth biennial reunion of Crocker's brigade, in which he served in the civil war. This brigade had nineteen hard engagements and had a famous reputation as a fighting brigade. There are not many survivors.

Mrs. W. G. A. Edwards and daughter went to Atchison, Kan., Thursday morning to visit a few days with Mrs. Della Crawford.

SCHMIDT AND VICTIM.

Priest and Annular Girl Whom He Confessed Murdering—Blames Saint.

A SAD ACCIDENT

Phillip Smith Killed When Scaffolding Gave Way.

WAS BUILDING A SILO

He Received a Blow on His Head That Caused Death—Two Others Fall, But Not Badly Hurt.

Phillip Smith, a young man of Burlington Junction, and a brother of Wilbur C. Smith of the Acetylene Light company of this city, was killed Wednesday evening about 5 o'clock, when a scaffold collapsed with him and four other workmen, on a farm one mile east of Riverton, Ia.

Mr. Smith and his men had just finished the work of building a concrete silo, and two of the men had stepped to one end of the scaffold and loosened the rope that held it, when the timber that supported the scaffolding broke and all were thrown to the ground.

Two of the men, Frank Davidson and Ben Claypool, also of Burlington Junction, escaped with slight bruises, and Loren Smith, a younger brother of Phillip Smith, was not injured.

Phillip Smith's neck was broken in the fall and he died five minutes later. The men started with him at once in a car to Riverton, but he was dead before they reached the place. No other marks of injury were on his body.

W. C. Smith and his family of this city went to Burlington Junction in a car Wednesday evening about 5 o'clock, where Mrs. Smith and the children stopped with Mr. Smith's mother while Mr. Smith went on to Riverton, Ia., to accompany his brother home with the body of their brother.

Phillip Smith was a splendid young man, 25 years of age. He came with his mother's family to Clearmont, and later to Burlington Junction from Minnesota about fifteen years ago. He had been engaged in superintending the erection of silos for C. C. Young of Creston for some time and was an expert workman.

Mr. Smith was known in Maryville, having frequently visited his brother, Wilbur Smith. He was also a member of the Elks lodge of this city.

The body was brought to Burlington Junction Thursday afternoon from Shenandoah at 3:30 o'clock. The funeral arrangements have not been made.

PICNIC AT HOPKINS.

Opened Today With a Good Sized Crowd in Attendance—Will Continue Until Saturday.

The Hopkins picnic opened Thursday for a three days' session of entertainment as provided by the business men of that place. There will be balloon ascensions daily, band concerts, vaudeville acts, concerts by the Apollo Ladies' Quartet, features by the Twin City Amusement company and free skating every night. The Lenox, Ia., band will furnish the music. The picnic is being held in the Hopkins park, and the park is well lighted at night.

Married by Judge Conn.

Miss Eva M. Hoy and Emory C. Bancroft of Clearmont were married this morning by Probate Judge Conn. The ceremony was witnessed by the parents of both of the parties. They were Mr. and Mrs. Howard Bancroft and children, Chester and Ona, and Mr. and Mrs. Wm. Hoy and Fountell Hoy, all of Clearmont. The young couple will make their home at Clearmont.

To Have Chautauqua Again.

Hopkins will have another Chautauqua next year, and a representative of the Vawter Chautauqua system of Cedar Rapids, Ia., was in that town this week and signed a contract for another assembly with the business men. This is the same company that gave the Chautauqua in that town last summer.

Married by Judge Johnson.

J. Leslie Bradley and Miss Bettie Smith, both of Marion, Ill., were married this morning by Squire Lefe Johnson.

Home From Wyoming.

Mrs. Lillie Shelton returned Tuesday from a six weeks' visit in Sheridan, Wyo., with her daughter, Mrs. Armonde Gill.

Miss Gertrude Landon of St. Joseph, who has been spending a week with Mrs. August Stapler and Miss Louise Stapler of this city, and with Miss Agatha Kroetch of Conception, returned home Wednesday evening.

Miss Maud Hagins went to St. Joseph Thursday morning to meet her niece, Mrs. Clifford Williams of Granite City, Ill.; who is in that city on a visit to her mother, Mrs. D. E. Hagins.

Mrs. Solon Clark went to St. Joseph Thursday morning for a visit with her sister, Mrs. H. Goldizen, and from there will go to Kansas City to visit her brother, S. L. Thorpin.

WATER SHUT OFF.

Service Was Off for an Hour Thursday Afternoon to Connect the New Boilers.

The water service was cut off Thursday afternoon about one hour in order to make the connections with the new boiler which has been installed at the city water plant. The boiler is to be used after the connections are made and a test of three or four days given. The old boiler is to be taken out and another new boiler will be installed in its place.

The supply of water on hand is sufficient to last for some time and there is a good stream coming down the river. The river seems to be rising some.

The dam will probably be completed this evening, at least the concrete work of the dam.

ASK JUDGE GRAVES TO RUN.

With Folk Out there is a Clear Field Against Stone.

A dispatch from Jefferson City says the announcement that Ex-Governor Folk will be appointed during the week to the position of solicitor of the department of state at Washington has caused more of a political flurry among the Democrats than anything that has happened in a number of years. The ex-governor was a candidate for Senator Stone's seat in the United States senate. He had so informed one or more state officials during the past three months.

The announcement that he will accept the position tendered him by Secretary Bryan is taken to mean that he will retire from the senatorial race. It is not believed here that either Senator Stone or Senator Reed helped the ex-governor into his new job or were consulted, but it is surmised that Stone, in particular, will rejoice over the retirement of Folk from the senatorial race.

It is expected here that the friends of Judge W. W. Graves of the supreme court will early take the opportunity to announce him as a candidate against Senator Stone. It is said that Ex-Governor Francis would like to get into the race. The state politicians believe that either Stone or Graves could beat Francis easily, and perhaps as badly as Reed beat him.

Went to Association.

Mrs. Henry Laub and Miss Mabel Laub of Clarinda, Mrs. Emma Shearer and Mrs. Hannah McClure of Bradyville were in Maryville Wednesday evening on their way to Clarksville to attend the association of Old School Baptists.

On Visit to Illinois.

Mr. and Mrs. J. F. Douglas and Mr. and Mrs. George Gay left Thursday morning for Clayton, Ill., where they will be the guests of Mrs. Nancy Gay, the mother of Mr. Gay, and the sister of Mr. Douglas. They have many other relatives there whom they will visit.

Mrs. W. H. Miller of Kansas City returned home Thursday morning from a few days visit with her parents, Mr. and Mrs. John Hann, and her sisters, Mrs. J. W. Toel and Mrs. Elmer Fraser.

Mrs. J. W. Stokesbury of College Springs, Ia., was in Maryville Thursday and went to Bolckow to visit her sister, Mrs. J. E. Lazear.

Mrs. J. F. Smith of Griswold, Ia., was in Maryville Wednesday on her way to Burlington Junction to visit her sister, Mrs. R. L. Myers.

Captain and Mrs. I. M. Wood went to Hopkins Thursday to visit over Sunday with their son, Charles Wood, and family.

Mrs. E. C. Wolfers, Sr., and Miss Mildred Clare Wolfers of Hopkins were shopping in Maryville Thursday.

Mrs. John Murrian went to Des Moines, Ia., Thursday to visit her daughter, Mrs. R. G. Cornelius.

Miss Vernie Woodard left Wednesday evening for a visit in St. Joseph with her sister, Mrs. Earl Phillips.

Mrs. Ferdinand Townsend went to St. Joseph Thursday morning for a day's visit with Mrs. Louis Haz Smith.

TO HAVE PARADE

SCHOOL CHILDREN TO MARCH DURING FALL FESTIVAL.

TAKE MOTION PICTURES

Pathe Company Will Take Pictures, Which Will Be Showed All Over the Country.

One of the main features of the Maryville fall festival, October 8, 9 and 10, will be the parade of the school children, to occur on Friday afternoon, October 10. It is expected that nearly 7,000 school children will be in the parade.

County Superintendent W. M. Oakerson and Superintendent W. W. Westbrook are making arrangements for the parade. All of the city schools will take part, as well as nearly all of the rural schools of the county.

Prof. Oakerson is sending out letters to all of the county teachers to urge their school children to take part in the parade. Many of the town schools of the county will also probably march in the parade.

Pictures of the parade will be taken by the Pathe company for their Pathe motion pictures, and will be shown all over the country.

The flights of Francis and Irving will also take place on this day, as well as other entertaining features.

HOPKINS TO VOTE.

An Election to Be Held at That Town on Monday to Vote on Water Works Proposition.

Hopkins will hold an election next Monday, when they will vote on the water works proposition, a bond issue of \$12,000. The water will be secured from wells. A test well was dug and plenty of water found, and there seems to be no doubt but what the town will have an abundance of pure water to meet every requirement. The standpipe will be established on the school house hill if the election carries.

Left for New Mexico.

Dr. and Mrs. Fay Allen of Roswell, N. M., left Wednesday evening for their home, after a few days visit in Maryville with their parents, Dr. and Mrs. A. B. Allen and Mrs. J. T. Welch. They stopped in Maryville on their way home from Chicago, where Dr. Allen had been taking special medical study.

SCHOOL FESTIVAL

RAVENWOOD SCHOOLS PLANNING FOR BIG TIME.

WILL HAVE CONTESTS

Program Not Fully Arranged, But Will Consist of Many Good Entertainments.

The Ravenwood school is making arrangements for a big time on Saturday, October 4, when they will hold a school festival at the school grounds. All of the school children of the Ravenwood vicinity and also of the Parnell school have been invited to attend, and it is expected that there will be from 250 to 300 children in attendance. Many of the parents of the children will also be present.

The purpose of the festival will be for a good time for the school children, as a better school spirit will be had. The Ravenwood school is also planning holding a number of meetings and entertainments for the children, and is to be the community center.

The program for the festival is not yet fully arranged, but in part will consist of a dinner in the school grove at noon, a short program, contests of different kinds, a five-inning ball game between the Ravenwood school and a country team from a school near there, a basket ball game between Ravenwood and Parnell schools, and an address by County Superintendent W. M. Oakerson.

The Ravenwood school is very progressive, as now they have real playgrounds. For the last two Saturdays the boys of the school have worked on the grounds and have an outdoor basket ball court, which is said to be the best in the county. They have also put up a backstop for the base ball ground, have saw-saws for the little children. They are to put up horizontal bars and other things for the play of the children.

Prof. Earle C. Duncan is head of the Ravenwood school.

The Common Towel.

This household infection spreader is abhorrent and repulsive to a person who has been used to an individual towel. It is difficult to understand how any one can wipe his face on a soiled, damp towel that has been used by all the other members of the household. But custom is a great factor in molding habits and allying prejudices, hence the necessity of pointing out at least one reason why the common towel is dangerous. There are many germs which will attack the eyes and cause inflammation, providing the eyes are in a favorable condition for the germ to develop at the time of its introduction. A germ which at one time will grow in the eye and cause inflammation will at another time be perfectly harmless. Germs which are harmless to oneself may be exceedingly poisonous to another person and cause dangerous inflammation of the eyes. For hygienic reasons the common towel should be abolished in every home.

GUILFORD NEWS ITEMS.

Loel Davis has sold his dray the O. M. H. Wilson, who will take possession in two or three weeks.

Henry Wilson and E. T. Reiser, who left St. Joseph Tuesday evening by motor car, are completely remodeled.

R. P. Anderson of the Dunlap farm, who has been away a year ago, for which he purchased himself and family the occupancy of his home, is now as a home. It is located on a half southeast of Guilford, south of Andrew Nelson, three miles west of Guilford, in remodeling residence on his farm.

The plumbers are putting the finishing touches on the lighting and heating equipment for the handsome new country residence of R. H. Campbell, two miles northeast of Guilford.

David Beattie of Rea has leased the farm of W. T. Jackson, three miles southwest of Guilford, where Hibbs and Fansher now reside.

Theodore Robinson returned from Columbia, Wednesday evening, after a four days' visit.

HARD TO DRIVE FROM NEST

Remarkable Case of Devotion to Home
Shown by Nesting Meadow Lark
in Massachusetts.

An endearing trait in birds is their love of home, and the bravery with which they face danger in protecting their eggs or baby birds. They seem to become very tame at such times; not seldom a person who approaches them quietly may, after a few gentle attempts, stroke a mother bird as she broods. But it is really courage, and not enjoyment of the attention, that she displays.

An interesting example of the strong attachment of a bird to its home, as well as its adaptability to unusual circumstances, was given by a meadow lark that found itself day after day under gunfire, and learned not to fear it.

At the practice grounds of the United States marine corps at Wakefield, Mass., some low mounds were raised on the firing line. On the front side of one of these mounds a meadow lark built its nest, and had laid its eggs when the season's practice in target shooting and skirmish drill began. The rifle of the man lying on the mound was directly over the nest, and not more than two feet above it.

At first the birds would fly away when the firing skirmish line was still at some distance; but as the practice continued, they became accustomed to the noise. They would wait until the men came very near before flying, and would return immediately after. As the time came for the eggs to hatch, one of the birds would stay on the nest during the firing, even if a rifle were held just above her head. The marines were very careful not to disturb the little family. When the young came, they were nourished amid the smoke of battle, as it were, and finally left the nest unharmed.—Youth's Companion.

Progress Paid For in Human Life.

"The value of human life isn't supposed to be figured in cold dollars," said a builder, "but people don't generally know that in every big building erected in New York the price of human life is a consideration figured in the estimate."

"In a building of so many stories and of a certain sort of construction the contractors figure that a few workmen will be killed and there will have to be settlement with the families. Maybe no architects or contractors would admit that this is true, but it's a fact nevertheless."—New York Sun.

LINE OF NORTHERN BOUNDARY

Curious History of United States Territory That "Overlaps" into the Dominion of Canada.

How did the United States come to get that small corner of land which juts out from the extreme northern boundary of Minnesota? History of that little "nose" which sticks out into Canada from Minnesota and which constitutes the northernmost point of the United States is very interesting. Under the treaty of 1783 boundary between the United States and British possessions was fixed. A certain point on the Lake of the Woods was mutually agreed to as one starting point, this being considered the headwaters of the St. Lawrence river and Great Lakes system. At that time it was not known whether this point was north or south of the forty-ninth parallel, but it was known to be close to it. The understanding was that from that point the boundary should go north or south to the forty-ninth parallel, as the case might be. Later and more accurate surveys showed that point was about 25 miles north of the forty-ninth parallel, and so at this place the boundary makes a jog above that line. Uncle Sam thus has a little piece of territory of about 100 square miles in extent north of the general boundary. And the joke of it is that any one has to go by water in order to reach this little piece of territory unless he wants to go through Canada.—The Pathfinder.

OLD FORT BUILT BY RUSSIANS

Archaeologist's Explanation of Ruins of Building on the Northern Coast of California.

Ruins of buildings on the old Weske ranch, near Windsor and about thirteen miles north of Santa Rosa, Cal., hitherto unexplained, now are thought to be the work of people of mechanical skill, probably Russians, who erected the buildings 100 years or more ago.

That the edifices were not the work of the Spaniards is taken for granted, as the history of this country under Spanish rule is sufficiently complete to give assurance that some record of the construction of the buildings would have been left.

The construction is too exact to have been the work of the Indian races and local investigators have decided that the ruins are those of a large fort or fortified settlement built by Russians early in the last century.

The ruins have the appearance of being parts of a once massive fortification. In one place there stands a part of the wall, twenty feet in height, thirty feet long, thirty feet thick at the ground and tapering to a width of ten feet. It is built of basalt slabs about twenty feet in length and irregular prismatic shape.

Russians under Admiral Kuskoff, Admiral Kotzebue and Count Razanoff made a determined effort to establish themselves along the northern coast more than 100 years ago.

"Miracle" Quickly Explained.

A good-natured curate, who firmly believed that God was continually working miracles to enable him to help the needy, and who seldom had a coin in his pocket, was accosted one day by a beggar woman. He pleaded utter lack of money, but on the mendicant beseeching him to search his pockets he hopefully put his hand in one, and to his amazement and joy found a five-shilling piece there. "Another of God's miracles!" he exclaimed; and then, addressing the woman: "This coin belongs to you of right. Take it and go in peace." Having told the story a few hours later to his worldly minded parish priest, and suggested that they should both go down on their knees and render thanks to God, a strange, unpleasant light suddenly broke on the mind of the shrewd pastor, who exclaimed: "Good heavens! Are those my breeches that you've or yad?"

Value of Labor.

Labor is a commodity to be bought and sold notwithstanding the maudlin criticism of some theorists, writes C. W. Post in Leslie's. Labor is not the man himself, whom I consider a part of the divine; but labor is his output just the same as wheat is the output of the farmer, and it is a subject for purchase and sale, and upon its quality depends its demand and its value. There are two kinds of labor, the one manual and the other mental. When the skilled workman possesses a trained mind which directs his hands, he rises in value, and when he reaches a plane where his mind is so well trained that he in turn becomes a creator and must needs devise and direct, he then requires other hands to carry out his ideas. Then he again rises in the plane of value to humanity, and his compensation must keep pace.

Which He Rose to Remark.

They were at the grocery, all with recollections of many a shocking case of tremendous weather to recount, and none was left out. Then one ancient rose and said:

"In seventeen hundred and—"

"But they cut in on him there, and told him they wouldn't do it if they were him, 'cause see how all-swizzled old it'd make him, they said. But the ancient pushed his specs up on his forehead and went right on:

"What I was goin' fer to say was," said he, "that in 1,799 cases outen 1,800 where folks remembered setch spells o' hair-raising weather there ain't a diag word of em so!"—Brownings Magazine.

The Way Out.

"Martha," said Parson Hurdly to his wife, "I'm disturbed about old Brother Grabbitt's funeral. As you know there isn't a good thing that I can truthfully say about him, and I am quite averse to any hypocritical eulogy, even at a ceremony of this kind."

"Well, Theophilus," suggested his wife, "can't you get around it by saying that a more deserving person has not died in this town for years?"

After a summer's vacation the Young Ladies' Mission Circle of the First Christian church will meet Saturday afternoon at 2:30 o'clock at the home of Mrs. Ellis Cook, 619 West First street. A full attendance of the membership is desired.

Bringing His Bride Home.

Mr. and Mrs. T. C. Hollowell will arrive in Maryville Wednesday night from St. Paul, Minn., where they were married last July. They will be at Mr. Hollowell's home, on East Second street. Mrs. Hollowell waited until her sons were settled in college before coming to Maryville to make their home.

Club Will Give Party.

The I X L Embroidery club met Wednesday afternoon at the home of Mrs. Robinson Craven. After the work hour the hostess was assisted in serving luncheon to her guests by Mrs. Anna Stauble and Mrs. John H. Anderson. During the business session arrangements were made for a club party at the home of Mrs. A. J. Anderson next Monday night in honor of one of the club members, Mrs. John Anderson, and her husband, who leave next week for Wyoming to make their home.

Double Wedding at Rosendale.

The following account of the double wedding of a brother and sister, J. B. Wyatt and Miss Lulu Wyatt of Rosendale, former students at the Northwest Normal, published in the Savannah Reporter, will be of more than passing interest to their former associates:

The strains of Lohengrin and Mendelssohn rang out from Rosendale Christian church Wednesday evening, accompanied by the sweet music of the patter of an abundance of rain for which every one had been longing for over two months and somewhat appeased the disappointment of about three hundred people who were unable to attend the double wedding of J. B. Wyatt and Miss Grace Randleman and George Chester Baum and Miss Lura Wyatt.

There has not been a church wedding and especially one so elaborate in Rosendale for many years, and the relatives of these four promising young people had anticipated great joy in being witnesses to this event, which was conventional and beautiful

and inspiring in its solemnity.

Hydrangea and golden rod effectively and tastefully beautified the auditorium of the church, and many were present, notwithstanding the steady downpour at the appointed hour, 8 p. m. Mrs. A. A. Hopkins played a Nocturn, by Leibig, as first to the musical prelude and then she accompanied Mrs. J. L. Beagler of Savannah, who sang "All For You," and afterward Mrs. Hopkins played "Hearts and Flowers" and Mrs. Beagler's other songs were "Sweetheart" and "I Love You Truly."

As the sweet strains of Lohengrin thrilled the audience the church doors were opened and the ushers, John Atwell of Chillicothe and Paul Wachtel of Rosendale, preceded the bridesmaids, Miss Mary Snyder and Miss Ruth Snyder, both of Barnard, who wore yellow messaline and carried yellow roses. Next came the pretty little flower girls, Miss Margaret Genter and Miss Helen Wachtel, arrayed in accordion plaited yellow messaline, and from their flower baskets the pathway was strewn with sweet flowers for the brides. A custom as beautiful and as symbolical and impressive now, and will ever continue to be, as it was when inaugurated hundreds of years ago.

The brides were beautiful in their white shadow lace over charming satin trimmed in rhinestone and pearl ornaments, made on train and full length veils, each carrying a bouquet of bridesroses. Reed Randleman of Barnard came down the aisle supporting his daughter, and W. L. Wyatt of Rosendale, his only daughter. When the brides reached the altar they were met there by the grooms, who came from the vestry. Elder W. A. Chapman said the words first uniting the lives of Miss Phoebe Grace Randleman and J. B. Wyatt, and then those of Miss Lulu Ellen Wyatt and George Chester Baum. During the ceremonies "Annie Laurie" was softly played and Mendelssohn was rendered for the recessional for the bridal parties.

Mr. and Mrs. Wyatt will live on a farm northwest of Rosendale, and Mr. and Mrs. Baum will live southwest of Rosendale. Mr. Wyatt was a student in the Maryville Normal and Mr. Baum finished the Chillicothe high school and took agriculture at the Missouri university, and is the son of Jacob Baum and wife. The best wishes and the heartiest congratulations are for these highly respected young people.

Penelope Club Meeting.

Mrs. John Herron entertained the Penelope club Wednesday afternoon at her home, 405 West Third street. Nearly all the members were present and spent a delightful afternoon. The host served an elaborate luncheon. During the business session the club voted to send flowers to a sick member, Mrs. R. H. Duncan. As a courtesy to Mrs. G. A. VanSteeneberg, the originator of the Penelope club, the members sent a beautiful collection of flowers to her at Denison, Ia., last week, on the day of the funeral of her sister, Mrs. W. J. McAdams, where she and her family had been summoned. The visitors at Wednesday's meeting were Mrs. James Rowell of Des Moines, Ia., who was the guest of her mother, Mrs. S. J. DeArmond; Mrs. Fred Smith, Mrs. T. H. Cook, Mrs. L. L. Holbrook and Mrs. J. C. Allender.

Reception at Skidmore.

A new lodge, the American Fraternal Union, is being inaugurated at Skidmore, and receptions are being given by the leaders to propagate its principles and secure new signers until fifty are secured to insure its institu-

tion. The reception Wednesday night at the I. O. O. F. hall was largely attended and a delightful social time resulted. Miss Beulah Hoagland was first winner in an amusing guessing contest, the prize being a free membership in the new lodge, and Mrs. Ida Howard stood second in the contest, which entitles her to membership for the sum of \$2. Supper was served at the close of the evening.

Married Thursday Afternoon.

A wedding occurred Thursday afternoon at 4 o'clock at the home of Mr. and Mrs. James Murray, on Lover's Lane, when their daughter, Miss Elizabeth Murray, was united in marriage to Rev. William C. Porter of Mayetta, Kan.

A Woman Scorned tonight—Fern.

Why Married Men Live Long. The reason a married man lives longer than a single man is because the single man leads a selfish existence. A married man can double his pleasure. Any time he has a streak of good luck it tickles him all over, but it makes him feel twice as good when he tells his wife about it. And she is so pleased and proud that he feels like a two-year-old. There isn't a chance in the world of a man's arteries hardening or his heart weakening when he can get a million dollars' worth of pleasure out of making his wife happy.—Cincinnati Enquirer.

GOLD STANDARD VOTED INTO BILL

"Insult to Four-fifths of Party,"
Charged by Insurgents.

SAY ISSUE SETTLED LONG AGO

Boiling Caucus When Currency
Mississippi Representative Talks of
Measure Amendment Is Adopted.
Murdoch Tries to Fan Flames.

Washington, Sept. 18.—An eleven-
hour revolt from the will of the caucus
and the leadership of the banking and
currency committee spread among
Democrats of the house when the ad-
ministration currency bill was within
the shadow of the final vote upon its
passage. It threatened for a time to
reach serious proportions, but the
party leaders finally got the situation
in hand again.

Chairman Glass of the committee
and other leaders siding with him were
plainly worried and their predicament
afforded unaccountable amusement to
the Republicans and Progressives.

The revolt lasted through many
speeches on the Democratic side, sev-
eral from across the aisle and one
vote, on which more Democrats de-
serted the committee than had left its
standard on any of the mooted ques-
tions brought up before.

Cause of Trouble.
An amendment, designed to main-
tain all legal money at a parity and
insure the retention of the gold stand-
ard, caused all the trouble. Some
Democrats professed to see in it a re-
vival of the old issue of bimetalism
and openly charged that the commit-
tee in indorsing such an amendment
was offering a gratuitous insult to
four-fifths of the Democratic party.
That issue they pointed out was set-
tled sixteen years ago.

Representative Witherspoon (Miss.)
was the first to announce that with
such an amendment tacked to the bill
he would bolt the caucus and vote
against it.

"I never will vote for it," he shout-
ed, "for I am an honest man."

Taunt by Murdoch.
"The Republicans are playing politi-
cians with you," was the taunt of Mur-
doch. "They propose to get a sep-
arate vote on the amendment and the
bill in the house and put you Demo-
crats on record. It's a trap that they
are asking you to walk into—if you
want to walk into it, go ahead."

At the conclusion of Murdoch's
speech, Representative Wingo an-
nounced that he would demand sep-
arate votes on the amendment and the
bill. The Democrats paid little heed
to the "warning" and the vote stood
104 to 88 for the amendment.

WOMAN GETS PRISON TERM

Mrs. Acoff of Des Moines Sentenced to
Two Years for Forgery.

Kansas City, Sept. 18.—Mrs. Minnie
Acoff of Des Moines, Ia., who when
arrested for passing worthless checks
at two local department stores, gave
as her excuse that she forged the
checks to save her two young children
from starving, was sentenced to two
years in the penitentiary by Judge
Latschaw in the criminal court.

Mrs. Acoff's story of being deserted
by her husband and of a struggle with
poverty failed to impress the court.
Evidence was cited that the woman
was charged with forgery in Wichita
and other cities. Mrs. Acoff's daugh-
ters, six and eleven years old, were
placed in care of the juvenile court.

Homes of Millionaires Looted.

New York, Sept. 18.—Residents of
"Millionaire's Row" on Seventy-ninth
and Eightieth streets, just east of Cen-
tral park, estimated that burglaries
during the summer had cost them
\$200,000. The latest robbery occurred
at the home of Mrs. Karl Wallach.
Mrs. Wallach's son said that the
thieves had taken silverware, jewelry,
furs and household goods worth \$100,
000. Several families learned of their
losses for the first time when they re-
opened their houses after being ab-
sent during the summer.

Sulzer's Foes Defeated.

New York, Sept. 18.—Governor Sul-
zer's threat to make the Democratic
assemblymen smart for defeating his
direct primary measure was recalled
when primary returns showed that
nine of the assemblymen who voted
against this measure and for his im-
peachment were defeated for renom-
ination.

Folk to Be Given Job.

Washington, Sept. 18.—Joseph W.
Folk's candidacy for solicitor of the
state department has advanced to a
point where congressional friends of
the former Missouri governor declared
his appointment had been settled by
President Wilson and that his nomi-
nation would go to the senate today.

Half Million-Dollar Fire at Buffalo.

Buffalo, Sept. 18.—That there was
no loss of life in the fire which swept
the upper two floors of the Hotel
Brozel was made certain when the
last of the 250 guests, who fled to
other hotels, was accounted for. The
total loss from the fire was \$500,000.

Political Riot Near Naples.

Naples, Sept. 18.—There was a po-
litical riot at Casoria, six miles from
this place, during which an octogen-
arian priest was killed and a prominent
politician mortally wounded.

Deafness Cannot Be Cured

Local applications, as they cannot reach the
inner portion of the ear. There is only one
way to cure deafness, and that is by constitu-
tional remedies. Deafness is caused by an inflamed
condition of the mucous lining of the Eustachian
tube. When this tube is inflamed you have a
running ear or a "catarrh" of the ear. If the
tube is entirely closed deafness is the result, and
unless the inflammation can be taken out and
this tube restored to its normal condition, hear-
ing will be destroyed forever; nine cases out of
ten are caused by Catarrh, which is nothing but
an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case
of Deafness (caused by catarrh) that cannot be
cured by Hall's Catarrh Cure. Send for cir-
culars, free. F. J. CHENEY & CO., Toledo, O.

Beautiful Fall Suits and Coats for Women and Misses

Never before has there been shown in Maryville such a beautiful assort-
ment of stylish Suits and Coats for women and misses. The best manufac-
turers in the United States have contributed to this showing. The styles are
not extreme, but rather conservative, embodying as much of the Parisian
effects as are consistent with good taste. You will be more than pleased
with our wonderful values.

Fall and Winter Coats \$25

Our showing of twenty-five dollar Fall and Winter Coats is a pleasure
to the eye. The workmanship, material, style and linings are superior to
anything ever seen in Maryville.

The following materials are the newest: Vrai and Persian Lamb, As-
trakan, Maltese, Chinella, Zibeline, Eponge, Novelty, Boucle, and Seal
Push.

The colors are black, blue, gray, brown, taupe and mahogany.

The linings are very pretty, black and fancy colored satin.

The three-quarter and full length coats are the best this season. Many
of these coats have the new mandarin and raglan sleeves.

Also great values in Coats from \$7.50, \$10.00, \$12.50, \$15.00, \$20.00,
\$22.50, \$27.50, \$30.00 and \$40.00.

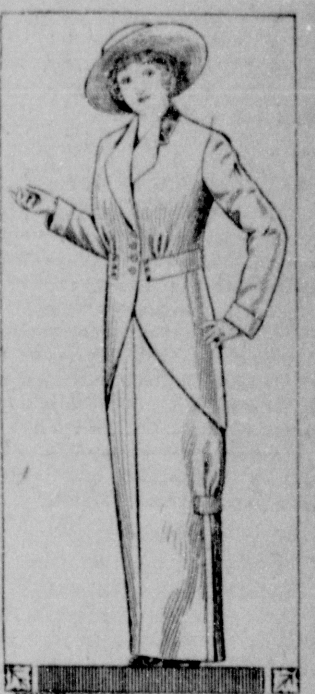

Jacket Suits \$25

Our new twenty-five dollar Suits represent the greatest values we
have ever offered. Beautiful Serges, Cheviots, Eponge, Maltese, Novelty,
Wool Poplin and Diagonals in all the new shades, such as the new mahog-
any and carrot shades, burgundy, brown, taupe, black, navy and wine.

JACKETS—The new Jackets are long the cutaway effect. Most of
the trimmings are very plain.

SKIRTS are inclined to the draped effects, many are slightly slashed.
All of the skirts are narrow at the bottom and full across the hips.

Also large assortment of Suits for \$15.00, \$18.50, \$20.00, \$30.00, \$35.00,
\$40.00 and \$45.00.

SCHMIDT PLANNED PLACE OF REFUGE

Apartment Hired by Priest Three
Days After Woman Slain.

New York, Sept. 18.—That Hans
Schmidt, the Jekyll-Hyde priest, whose
double life was exposed Sunday, when
he was arrested and confessed the
murder of Anna Amuller, after kill-
ing the girl and dismembering her
body in a Bradhurst avenue flat, hired
another apartment, in which he pre-
sumably planned to conceal, was de-
veloped from police discoveries.

Evidence also was found linking
closer and for a longer period than
had been supposed the lives of
Schmidt and his alleged counterfeiting
partner, the unlicensed dentist, Dr.
Ernest Muret.

The latter, papers found in his of-
fice by official searchers indicate, had
left London for some offense commit-
ted while practicing medicine there,
and had practiced in Chicago under
the name of "Dr. Arnold Held," leav-
ing that city and dropping the name
of Held some time subsequent to July,
1909. Although Muret has claimed he
met Schmidt only six months ago, evi-
dence has appeared that they had
business relations as long as two
years ago, and that the dentist long
had knowledge of Schmidt's counter-
feiting experiments.

The police have not abandoned hope
of finding the head of the Amuller
girl. They investigated a gruesome
story about a solitary fisherman who
hooked something heavy in the North
river. Just as the supposed catch was
nearing the surface it dropped off the
hook, leaving a long human hair,
said to resemble in color the hair of
Anna Amuller.

DIGGS SENTENCED TO TWO YEARS IN PRISON

Caminetti Given Eighteen Months
for Violation of Mann Act.

San Francisco, Sept. 18.—Maury I.
Diggs, former state architect of Cal-
ifornia, was sentenced by Judge Van
Fleet in the United States district
court to serve two years in the federal
penitentiary on McNeil Island, and to
pay a fine of \$2,000 for violating the
Mann white slave traffic act.

F. Drew Caminetti was sentenced to
eighteen months at McNeil Island and
to pay a fine of \$1,500 for a similar
offense.

A ten-day stay of execution was
granted, and for that period Diggs
was admitted to bail in the sum of
\$15,000 and Caminetti in the sum of
\$10,000.

The stay of execution was granted
in order to permit the defense to per-
fect an appeal to the United States
circuit court of appeals for a writ of
error. Motions for a new trial and for
arrest of judgment were denied.

The offense charged was that the
prisoners transported Marsha War-
rington and Lola Norris from Sacra-
mento to Reno for immoral purposes.

Roger Thompson Released.

Sherbrooke, Que., Sept. 18.—"Gentle-
man" Roger Thompson, the chauff-
eur who drove Harry K. Thaw away
from Matteawan in a big black touring
car, was set at liberty. The crown
authorities said they had no evidence
to offer against him.

Thaw Is Taken to Concord.

Concord, N. H., Sept. 18.—When Har-

YOU'RE CONSTIPATED, BILIOUS—CASCARETS

Black Headache, Sour Stomach, Gas,
Bad Breath, Mean Liver and
Bowels Need Cleansing.

Get a 10-cent box now.
No odds how bad your liver, stomach
or bowels; how much your head aches,
how miserable and uncomfortable you
are from constipation, indigestion, bil-
iousness and sluggish bowels—you al-
ways get the desired results with Cas-
carets.

Don't let your stomach, liver and
bowels make you miserable. Take
Cascarets tonight; put an end to the
headache, biliousness, dizziness, nerv-
ousness, sick, sour, gassy stomach,
backache and all other distress; cleanse
your inside organs of all the
bile, gases and constipated matter
which is producing the misery.

A 10-cent box means health, happi-
ness and a clear head for months.
No more days of gloom and distress
if you will take a Cascaret now and
then. All druggists sell Cascarets.
Don't forget the children—their little
insides need a gentle cleansing, too.—

Maryville Druggist Deserves Praise

W. Jones, druggist, deserves praise
from Maryville people for introducing
here the simple buckthorn bark and
glycerine mixture, known as Adler-
ika. This simple German remedy first
became famous by curing appendicitis
and it has now been discovered that
JUST A SINGLE DOSE relieves sour
stomach, gas on the stomach and con-
stipation INSTANTLY. It's quick ac-
tion is a big surprise to people. Drug-

Keeps Your Stove "Always Ready for Company"

A bright, clean, glossy stove is the
pride of every housekeeper. But
it is hard to keep a stove nice and shiny
unless Black Silk Stove Polish is used.
Here is the reason: Black Silk Stove
Polish sticks right to the iron. It doesn't
rub off or dust off. Its shine lasts four
times longer than the shine of any other
polish. You only need to polish one-
fourth as often, yet your stove will be
cleaner, brighter and better looking than
it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove.
If you do not find it better than any other stove
polish you have ever used before, your dealer is
unwilling to refund your money. But we feel
sure you will agree with the thousands of other
satisfied women who are now using Black
Silk Stove Polish and who say it is the "best
stove polish ever made."

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove
Polish costs you no more than the ordinary kind.
Keep your grates, registers, fenders and stove
pipes bright and free from rusting by using
BLACK SILK AIR-DRYING ENAMEL. Brush
it with each can of enamel only.
No BLACK SILK METAL POLISH for silver,
nickel, tinware or brass. It works quickly,
dry, and leaves a brilliant surface. It has no
oil for use on automobiles.

CONFEDERATES NOT IN PARADE

Their Participation in G. A. R.
Pageant Prevented.

BEERS GIVES AN EXPLANATION

Knew Nothing About "Dixie" Veterans
Having Been Invited—Twelve Thou-
sand Union Survivors Trudge
Through Rain.

Chattanooga, Tenn., Sept. 18.—En-
forcement of an order excluding women
and civilians from the forty-sev-
enth annual parade of the Grand
Army of the Republic prevented the N.
B. Forrest camp of United Confed-
erate Veterans from participating in the
pageant. Clad in their gray uniforms
the southerners were preparing to
form in the line of march with For-
sythe post No. 15 of Toledo, O., when
they were informed of the order.

An invitation to join in the parade
had been tendered to Colonel L. T.
Dickinson, commander of the Forrest
camp, by Colonel Henry N. Hanson,
commander of the Forsythe post. Just
when they were ready to take their
places Colonel Hanson informed Col-
onel Dickinson that the commander of
the Department of Ohio, Colonel W.
R. Warnock, had been instructed to
bar none from the parade except uni-
form veterans. Colonel Hanson ex-
pressed deep regret over the incident.
The confederate veterans also ap-
peared distressed, but as they marched
quietly back to their headquarters
they were greeted with cheers by the
union veterans.

Dickinson's Statement.

In a statement Mr. Dickinson said:
"We regretted the incident very
much, but I believe our comrades,
and especially those in the Forsythe
post, were even more distressed. We hold
no ill-feeling towards the rank and
file of the boys in blue. The boys in
blue are with us and for us and we are
with and for them. To show that there
is no hard feeling against any of them,
we are tendering an invitation to visit
our camp tonight. This invitation is
to the rank and file of the boys in blue."

The following explanation of the in-
cident was made in a statement by
Commander in Chief Beers of the
Grand Army of the Republic:
"Yesterday I learned that there was
a body of women here planning to
take part in the Grand Army of the
Republic parade. I also understood
that these women were from the state
of Ohio. For this reason I called the
attention of the commander of the de-
partment of Ohio to the following ex-
tract from general order No. 16, which
reads: 'Women and civilians are pro-
hibited from participating in the pa-
rade and department commanders are
directed to enforce this order in their
respective departments.'"

Did Not Know of Invitation.
"I did not know that an invitation
had been extended to confederate vet-
erans to take part in the parade and
never heard that there was any inten-
tion of extending an invitation to the
N. B. Forrest camp, United Confed-
erate Veterans. It was certainly not
tendered by headquarters."

"The Forrest camp of Confederate
Veterans was excluded in accordance
with a general order issued Sept. 2,
1913, barring all persons from the pa-
rade except Grand Army of the Re-
public members. This order was based
on a custom which has been observed
in the past."

Twelve Thousand March.
Fully 12,000 union survivors of the
Civil war marched through the streets
of Chattanooga in the parade. In the
face of a steady rain the veterans
trudged through human walls of cheer-
ing spectators along the entire route.
Other events in connection with the
encampment were a reproduction of
the battle of Missionary Ridge and a
Grand Army campfire at the city audi-
torium.

REFUGEES REACH SAN DIEGO

Say Hunger, Not Bullets, is Greatest
Foe in Mexico.

San Diego, Sept. 18.—The cruiser
Buffalo arrived here with 129 refugees
picked up along the west coast of Mex-
ico. Most of them were destitute
when they boarded the ship and many
of them give visible evidence of
the privations they had experienced in
the revolution-torn republic when they
landed here.

According to Captain von Blamer
of the cruiser, there is little danger to
Americans in the Mexican ports he
visited. The refugees, he said, had
left Mexico because of President Wil-
son's warning.

Hunger, not bullets, was the enemy
the refugees had to fight in Mexico.
Most of them managed to obtain food
of some sort, but the pinched faces
of the children aboard the Buffalo
showed that nourishing food was
scarce.

Cook Book With Marriage License.

Chicago, Sept. 18.—A plan, which
he declares will curb the divorce evil,
improve the digestion, increase the
happiness of Chicagoans, and add \$10,
000 a year to the county treasury, was
suggested to the county board by
County Clerk Robert M. Switzer.
Switzer presented an offer of a local
publishing house to pay the clerk 25
cents each for handing each applicant
for a marriage license one of its cook
books.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair Gets Soft, Fluffy
and Luxuriant at Once—No
More Falling Hair.

If you care for heavy hair, that
glistens with beauty and is radiant
with life; has an incomparable soft-
ness and is fluffy and lustrous, try
Danderine.

Just one application doubles the
beauty of your hair, beside it immedi-
ately dissolves every particle of dan-
druff; you cannot have nice, heavy,
healthy hair if you have dandruff.
This destructive scurf robs the hair
of its lustre, its strength and its very
life, and if not overcome it produces
a feverishness and itching of the
scalp; the hair roots famish, loosen
and die; then the hair falls out fast.

If your hair has been neglected and
is thin, faded, dry, scraggly or too
oily, get a 25-cent bottle of Knowlton's
Danderine at any drug store or toilet
counter; apply a little as directed and
ten minutes after you will say this was
the best investment you ever made.

We sincerely believe, regardless of
everything else advertised, that if you
desire soft, lustrous, beautiful hair
and lots of it—no dandruff—no
itching scalp and no more falling hair
—you must use Knowlton's Danderine.
If eventually—why not now?—Adver-
tisement.

ERA MARKED BY GREEDINESS

Present Generation Demands Too
Much of Everything, Is the Op-
inion of Woman Writer.

"It is the mark of our era to want
more or everything than we can use,
yet when we get the too much we de-
mand, we are crushed by it, as Tar-
pela was crushed by the shields,"
writes Cornelia A. P. Conner in the
Atlantic.

"I have often thought that the
sheer, brute mass of life—of people to
know, of books to read, of plays to
hear, of pictures to see, of things to
do, to learn, enjoy—within reach of
the well-to-do person in the modern
world, far outruns the capacity of any
human being to take it in and make
of it the sane whole that a life should
be."

"Yes—yet we go crazily on, trying
to expand to limitless possibilities.
Thinking we shall be happier so soon
as we have discarded all our present
possessions and opportunities for big-
ger, newer, richer ones. How many
people do you know who have not met
a substantial increase of income with
a corresponding enlargement of the
whole scale of living, a senseless ex-
pansion sometimes outrunning their
increased ability to provide for it?
There is no future but chaos for a so-
ciety with such ambitions. They are
extraneous and can only lead to dis-
organization."

THOUGHT NIGHT HAD PASSED

Tired Farm Hand Lost All Track of
Time in His Brief But Evident-
ly Deep Slumber.

Even when you are wide awake it
is frequently hard to estimate the pa-
ssage of time. On one occasion you
did it hard to believe that several
hours have elapsed, and on another
the day may drag so slowly that the
week seems to have shirked its duty.
While you are asleep the calculation
of time is, of course, almost impos-
sible, as this incident, told by a farmer's
son at the corner store one rainy
morning, aptly illustrates:

Father hired a new hand last night
—a big, good-natured Dutchman. Evi-
dently the poor fellow was tired from
tramping about the country, for he
went to bed immediately after supper.

As usual, father went down to the
cellar about 9:30 to throw some coal
in the furnace and adjust the drafts
for the night. Evidently this made
enough noise to rouse the new hired
man, for mother, who was sitting be-
side the table in the dining-room, saw
the stair door suddenly open and dis-
closed the broad form of the Dutchman.
Blinking drowsily before the light, he
exclaimed:

"Good morning, Missis! Good morn-
ing! I could chust as well haf come
down von hour ago if you had only
voked me up!"—Youth's Companion.

CHICHESTER'S PILLS

TO BE SEEN IN A CEMETERY

All Kinds and Descriptions of Mis-
guided Persons There in Their
Last Resting Place.

Take a walk through the cemetery
alone and you will pass the resting
place of a man who blew into the
muzzle of a gun to see if it was load-
ed. A little farther down the slope is
a crank who tried to show how close
he could stand to a moving train
while it passed. In strolling about
you see the monument of the hired
girl who tried to start the fire with
kerosene, and a grass-covered knoll
that covers the boy who put a cob
over a man who blew out the gas,
casts a shadow over the boy who
tried to get on a moving train. Side
by side the pretty creature who al-
ways had her crest faced on the last
mile and the intelligent idiot who
rode a bicycle nine miles in ten min-
utes sleep unmolested. At repose is
a doctor who took a dose of his own
medicine. There with a top of a shoe
on driven over his head is a rich old
man who married a young wife. Al-
ways there reposes a boy who went
missing on Sunday, and the woman
who kept strychnine powders in the
larder. The man who stood by
the side of the moving machine to oil
a spoke is quiet now and rests be-
side the careless brakeman who fell
off to the seventy-ton engine, and
near by may be seen the grave of the
man who tried to whip the editor—

JAINTIEST OF BIRD'S NESTS

Maple Leaf of Ordinary Size Will Con-
ceal the Home of the Hum-
ming Bird.

The most exquisitely dainty home
built by the bill and feet of birds is
that of the ruby throated humming
bird, says a writer in the Craftsman.
When completed it is scarcely larger
than an English walnut and is usually
saddled on a small horizontal limb of a
tree or shrub frequently many feet
from the ground. It is composed al-
most entirely of soft plant fibers,
fragments of spiders' webs sometimes
being used to hold them in shape. The
sides are thickly studded with bits of
lichen, and practiced indeed is the
eye of the man who can distinguish it
from a knot on the limb. The eggs
are the size of quinine pills.

Although the humming bird's nest is
exceedingly frail, there appears to
be nothing on record to show that any
great numbers of them come to
grief during the summer rains. It is,
however, not called upon for a long
tenure of occupancy. Within three
weeks after the two little white eggs
are laid the young have departed on
their tiny pinions.

Advice to Consumptives.

The only safe course for a person
suffering from consumption is to se-
lect a good physician, and be guided
in all things by that physician's ad-
vice.

If a new cure is discovered during
your illness your doctor will know it.
If the cure is genuine he will know
that and be the first to insist on ap-
plying the new remedy to your case.
If the so-called cure is a fake his cau-
tion will save you from wasting val-
uable time and strength pursuing will-
o'-the-wisps.

Meantime, while waiting on new
discoveries, he will keep you on the
commonplace, but effective prescrip-
tion of rests, plentiful diet, and all
the fresh air there is. This regime
has cured tens of thousands of cases
of tuberculosis, and will cure hun-
dreds of thousands more.

Jenny Lind's California Debut.

At Monterey, Cal., formerly a part
of Mexico, and ceded to the United
States during the Mexican war, is the
first public building built in California
and now a broken-down weather-
racked ruin of adobe, relates the
Health Magazine. In this building
Jenny Lind made her first California
debut, and when the gold the enthu-
siastic miners had thrown upon the
stage after her performance was gath-
ered up it was found to fill two five-
gallon oil cans—about twenty pounds
of gold, and equal in value to about
\$5,000. Another curious building is a
police station which is built within
the braces of an oil derrick, and for
unique buildings certainly establishes
a record.

Abducted in Her School Days.

The mistress was a leading member
of the village woman's club, and was
particularly interested in the courses
of reading and literary criticism,
which were the subjects of written
essays.

One day she had occasion to remind
her maid-of-all-work of some short-
coming. This led to a week's notice
from the latter, accompanied by the
remark: "Sure, and I won't take that
from the likes of you, who hasn't fin-
ished her education yet."—New York

man did so, mentioning all the duke's
titles. Presently the duke came and
waited a long time. "Is the dinner
not coming?" he asked; "why don't
you bring the dinner?" "We are
waiting," replied the waiter, "for the
rest of the party." They had pre-

Practical Opposed to Ideal.

Among the legends connected with
the great Cardinal Borromeo, the fol-
lowing is told to visitors to the huge
palace of that ancient family on the
Borromeo islands in the Italian lakes.
When Cardinal Borromeo had shown
Cardinal Giulio the vast abode which
he had just completed, the latter main-
tained a strict silence until they had
inspected the whole. When departing,
he said: "Your eminence, I have been
reflecting that the huge sums spent
on this place might have been given
to the poor." Cardinal Borromeo re-
plied: "Your eminence, they have been
given to the poor. But our notions
of charity differ. I pay the poor for
their labor, and your eminence for
their idleness."

MAKING GOOD TIME

KANSAS CITY TOURISTS ARRIVED RIGHT ON TIME.

TWENTY-THREE AUTOS

Mr. Buffum, State Highway Engineer, Who Accompanied Tourists, Gives Good Roads Talk.

The Kansas City tourists arrived in Maryville at noon and made a two-hour stop here. There were twenty-three automobiles with ninety people from Kansas City in the party. All of the cars were 1914 models.

Dinner was taken here at the Linville, and during the meal music was furnished by Misses Amy Clark and Edith Wilson on the piano and violin, and a number of songs were given by members of the Kansas City party.

Frank Buffum, state highway engineer, is with the party, and said the roads were very good in this country. Mr. Buffum was in conference with two members of the Nodaway county highway commission, John Chary and E. H. Balmum, in regard to the county seat roads and the state line roads. Mr. Buffum will inspect these roads some time later on.

The party came here from Ravenwood, where a stop of twenty minutes was made. They had no trouble in making the run, but had to go out of the way on account of building a new bridge near Thad Wideman's farm.

The tour is under the direction of E. E. Peake, secretary of the Kansas City Automobile Dealers' association, and is for the purpose of advertising the cars handled in Kansas City. Another purpose of the tour is also to talk good roads.

On the arrival of the party in the city the band gave a number of selections. The cars lined up in front of the Linville and blocked that street.

The Gabriel horn of ten tones each on a Winton car gave a number of selections. The horns have fine tones when played by a proficient musician. They are attached to the side of the car.

After the dinner a smoker was given at the Elks club in honor of the visitors.

Mr. Buffum, state highway engineer, is talking to a representative of this paper, said:

"Organize your county along the plan of keeping up the roads in Macon county. Send men out in sets of twos. Have two men go north to put in culverts, two more to grade, and so on. Do this in all directions. Do it now. Don't wait until next spring. Have it done before Christmas.

"Build roads at least forty feet wide; culverts should be thirty feet from tip to tip. Curves and turns in roads should be well rounded. Shrubbery and trees at turns must be cleared seventy-five feet back from the roads. Knobs, bulbs, trees, weeds and shrubbery must be done away with at railway crossings."

Those are some of the Meas, being pounded into the heads of listeners by Mr. Buffum. Build well, build strongly, build permanently, is the tenor of all the speeches.

"Don't procrastinate; hurry in the work," urges Mr. Buffum. "You townspeople and the farmers are the ones who will benefit most by the better roads. The farmer gains 95 per cent and the motor car owner about 5 per cent as the result of good roads. Better roads mean an increase in value of the farms. Rainy days may be utilized. Now they are mostly idle roads for the farmer. With good roads he may go to town on bad days and carry his products."

The advance car of the tourists arrived in Maryville about 10:30 o'clock to make arrangements for the dinner of the party. They were in an Auburn car, and the party was composed of E. L. Robbins, B. E. Gridley, James W. Whitaker and Mr. McFall, all of Kansas City. D. M. Bishop accompanied the party from Ravenwood to this city.

The Kansas City party was met at Ravenwood by a number of Maryville men, accompanied by the Maryville band. The band furnished a number of selections at Ravenwood. The following were in the Maryville party that made the trip: Earl Barnmann, Paul Sisson, N. Sisson, M. M. Rittenour, Andy Chris Cummins, John Sewell, Theodore Robinson, Homer Shipp, George McMurray, W. H. Brown, Dr. Frank Wallis, J. F. Hull, Mayor A. S. Roney, Joe Brown, Floyd Miller, W. A. Miller and the members of the band.

The tourists left here at 2:30 o'clock and went to Burlington Junction and on to Tarkio, where they will stop for the night. Three cars of Burlington Junction people and two cars of Tarkio citizens piloted the tourists out of Maryville.

Here From Colorado Springs. Miss Mary McNellis of Colorado Springs, Col., arrived in Maryville Wednesday night on a two weeks' vacation visit to her parents, Mr. and Mrs. Patrick McNellis.

NIGHT COURT AT PICKERING.

Maryville Boys Appeared Before Mayor Burks of That City—Only One of Them Fined.

A party of Maryville boys who were out joyriding Wednesday night seemed to have gotten into trouble at Pickering when they visited that town. They were having a good time and were singing, but the Pickering people could not stand their singing, and so one member of the party was arrested by Marshal J. R. Brainerd of that place. This one was charged with disturbing the peace.

It was necessary to hold a night court about midnight, and Mayor W. A. Burks of that city, and a brother of William C. Smith of the Acetylene Light company of this city, was killed Wednesday evening about 5 o'clock, when a scaffold collapsed with him and four other workmen, on a farm one mile east of Riverton, Ia.

Mr. Smith and his men had just finished the work of building a concrete silo, and two of the men had stepped to one end of the scaffold and loosened the rope that held it, when the timber that supported the scaffold broke and all were thrown to the ground.

Two of the men, Frank Davidson and Ben Claypool, also of Burlington Junction, escaped with slight bruises, and Loren Smith, a younger brother of Philip Smith, was not injured.

Philip Smith's neck was broken in the fall and he died five minutes later. The men started with him at once in a car to Riverton, but he was dead before they reached the place. No other marks of injury were on his body.

W. C. Smith and his family of this city went to Burlington Junction in a car Wednesday evening about 6 o'clock, where Mrs. Smith and the children stopped with Mr. Smith's mother while Mr. Smith went on to Riverton, Ia., to accompany his brother home with the body of his brother.

Philip Smith was a splendid young man, 25 years of age. He came with his mother's family to Clearmont, and later to Burlington Junction from Minnaboda about fifteen years ago. He had been engaged in superintending the erection of silos for C. C. Young of Creston for some time and was an expert workman.

Mr. Smith was known in Maryville, having frequently visited his brother, Wilbur Smith. He was also a member of the Elks lodge of this city. The body was brought to Burlington Junction Thursday afternoon from Shenandoah at 3:30 o'clock. The funeral arrangements have not been made.

One of the main features of the Maryville fall festival, October 8, 9 and 10, will be the parade of the school children, to occur on Friday afternoon, October 10. It is expected that nearly 7,000 school children will be in the parade.

WATER SHUT OFF.

Service Was Off for an Hour Thursday Afternoon to Connect the New Boilers.

The water service was cut off Thursday afternoon about one hour in order to make the connections with the new boiler which has been installed at the city water plant. The boiler is to be used after the connections are made and a test of three or four days given. The old boiler is to be taken out and another new boiler will be installed in its place.

The supply of water on hand is sufficient to last for some time and there is a good stream coming down the river. The river seems to be rising some.

The dam will probably be completed this evening, at least the concrete work of the dam.

ASK JUDGE GRAVES TO RUN.

With Folk Out there is a Clear Field Against Stone.

A dispatch from Jefferson City says the announcement that Ex-Governor Folk will be appointed during the week to the position of solicitor of the department of state at Washington has caused more of a political flurry among the Democrats than anything that has happened in a number of years. The ex-governor was a candidate for Senator Stone's seat in the United States senate. He had so informed one or more state officials during the past three months.

The announcement that he will accept the position tendered him by Secretary Bryan is taken to mean that he will retire from the senatorial race. It is not believed here that either Senator Stone or Senator Reed helped the ex-governor into his new job or were consulted, but it is surmised that Stone, in particular, will rejoice over the retirement of Folk from the senatorial race.

It is expected here that the friends of Judge W. W. Graves of the supreme court will early take the opportunity to announce him as a candidate against Senator Stone. It is said that Ex-Governor Francis would like to get into the race. The state politicians believe that either Stone or Graves could beat Francis easily, and perhaps as badly as Reed beat him.

Went to Association.

Mrs. Henry Laub and Miss Mabel Laub of Clarinda, Mrs. Emma Shearer and Mrs. Hannah McClure of Bradyville were in Maryville Wednesday evening on their way to Clarksville to attend the association of Old School Baptists.

On Visit to Illinois.

Mr. and Mrs. J. F. Douglas and Mr. and Mrs. George Gay left Thursday morning for Clayton, Ill., where they will be the guests of Mrs. Nancy Gay, the mother of Mr. Gay, and the sister of Mr. Douglas. They have many other relatives there whom they will visit.

Mrs. W. H. Miller of Kansas City returned home Thursday morning from a few days visit with her parents, Mr. and Mrs. John Ham, and her sisters, Mrs. J. W. Toel and Mrs. Elmer Fraser.

Mrs. J. W. Stokesbury of College Springs, Ia., was in Maryville Thursday and went to Holckow to visit her sister, Mrs. R. L. Myers.

Mrs. J. F. Smith of Griswold, Ia., was in Maryville Wednesday on her way to Burlington Junction to visit her sister, Mrs. R. L. Myers.

Captain and Mrs. I. M. Wood went to Hopkins Thursday to visit over Sunday with their son, Charles Wood, and family.

Mrs. E. C. Wolfers, Sr., and Miss Mildred Clare Wolfers of Hopkins were shopping in Maryville Thursday.

Mrs. John Murrin went to Des Moines, Ia., Thursday to visit her daughter, Mrs. R. G. Cornelius.

Mrs. Vernie Woodard left Wednesday evening for a visit in St. Joseph with her sister, Mrs. Earl Phillips.

Mrs. Ferdinand Townsend went to St. Joseph Thursday morning for a day's visit with Mrs. Louis Hax Smith.

TO HAVE PARADE

SCHOOL CHILDREN TO MARCH DURING FALL FESTIVAL.

TAKE MOTION PICTURES

Pathe Company Will Take Pictures, Which Will Be Shown All Over the Country.

One of the main features of the Maryville fall festival, October 8, 9 and 10, will be the parade of the school children, to occur on Friday afternoon, October 10. It is expected that nearly 7,000 school children will be in the parade.

County Superintendent W. M. Oakerson and Superintendent W. W. Westbrook are making arrangements for the parade. All of the city schools will take part, as well as nearly all of the rural schools of the county.

Prof. Oakerson is sending out letters to all of the county teachers to urge their school children to take part in the parade. Many of the town schools of the county will also probably march in the parade.

Pictures of the parade will be taken by the Pathe company for their Pathe motion pictures, and will be shown all over the country.

The flights of Francis and Irving will also take place on this day, as well as other entertaining features.

HOPKINS TO VOTE.

An Election to Be Held at That Town on Monday to Vote on Water Works Proposition.

Hopkins will hold an election next Monday, when they will vote on the water works proposition, a bond issue of \$12,000. The water will be secured from wells. A test well was dug and plenty of water found, and there seems to be no doubt but what the town will have an abundance of pure water to meet every requirement. The standpipe will be established on the school house hill if the election carries.

SCHOOL FESTIVAL

RAVENWOOD SCHOOLS PLANNING FOR BIG TIME.

WILL HAVE CONTESTS

Program Not Fully Arranged, But Will Consist of Many Good Entertainments.

The Ravenwood school is making arrangements for a big time on Saturday, October 4, when they will hold a school festival at the school grounds. All of the school children of the Ravenwood vicinity and also of the Parrell school have been invited to attend, and it is expected that there will be from 250 to 300 children in attendance. Many of the parents of the children will also be present.

The purpose of the festival will be for a good time for the school children, as a better school spirit will be had. The Ravenwood school is also planning holding a number of meetings and entertainments for the children, and is to be the community center.

The program for the festival is not yet fully arranged, but in part will consist of a dinner in the school grove at noon, a short program, contests of different kinds, a five-inning ball game between the Ravenwood school and a country team from a school near there, a basket ball game between Ravenwood and Parnell schools, and an address by County Superintendent W. M. Oakerson.

The Ravenwood school is very progressive, as now they have real playgrounds. For the last two Saturdays the boys of the school have worked on the grounds and have an outdoor basketball court, which is said to be the best in the county. They have also put up a backstop for the base ball ground, have saw-saws for the little children. They are to put up horizontal bars and other things for the play of the children.

Prof. Earle C. Duncan is head of the Ravenwood school.

The Common Towel.

This household infection spreader is abhorrent and repulsive to a person who has been used to an individual towel. It is difficult to understand how any one can wipe his face on a soiled, damp towel that has been used by all the other members of the household. But custom is a great factor in molding habits and allying prejudices, hence the necessity of pointing out at least one reason why the common towel is dangerous. There are many germs which will attack the eyes and cause inflammation, providing the eyes are in a favorable condition for the germ to develop at the time of its introduction. A germ which at one time will grow in the eye and cause inflammation will at another time be perfectly harmless. Germs which are harmless to oneself may be exceedingly poisonous to another person and cause dangerous inflammation of the eyes. For hygienic reasons the common towel should be abolished in every home.

HARD TO DRIVE FROM NEST

Remarkable Case of Devotion to Home
Shown by Nesting Meadow Lark
in Massachusetts.

An endearing trait in birds is their love of home, and the bravery with which they face danger in protecting their eggs or baby birds. They seem to become very tame at such times; not seldom a person who approaches them quietly may, after a few gentle attempts, stroke a mother bird as she broods. But it is really courage, and not enjoyment of the attention, that she displays.

An interesting example of the strong attachment of a bird to its home, as well as its adaptability to unusual circumstances, was given by a meadow lark that found itself day after day under gun-fire, and learned not to fear it.

At the practice grounds of the United States marine corps at Wakefield, Mass., some low mounds were raised on the firing line. On the front side of one of these mounds a meadow lark built its nest, and had laid its eggs when the season's practice in target shooting and skirmish drill began. The rifle of the man lying on the mound was directed over the nest, and not more than two feet above it.

At first the birds would fly away, when the firing skirmish line was still at some distance; but as the practice continued, they became accustomed to the noise. They would wait until the men came very near before flying, and would return immediately after. As the time came for the eggs to hatch, one of the birds would stay on the nest during the firing, even if a rifle were held just above her head. The marines were very careful not to disturb the little family. When the young came, they were nourished amid the smoke of battle, as it were, and finally left the nest unharmed.—Youth's Companion.

Progress Paid For in Human Life.

"The value of human life isn't supposed to be figured in cold dollars," said a builder, "but people don't generally know that in every big building erected in New York the price of human life is a consideration figured in the estimate."

"In a building of so many stories and of a certain sort of construction the contractors figure that a few workmen will be killed and there will have to be settlement with the families. Maybe no architects or contractors would admit that this is true, but it's a fact nevertheless."—New York Sun.

LINE OF NORTHERN BOUNDARY

Curious History of United States Territory That "Overlaps" Into the Dominion of Canada.

How did the United States come to get that small corner of land which juts out from the extreme northern boundary of Minnesota? History of that little "nose" which sticks out into Canada from Minnesota and which constitutes the northernmost point of the United States is very interesting. Under the treaty of 1783 boundary between the United States and British possessions was fixed. A certain point on the Lake of the Woods was mutually agreed to as one starting point, this being considered the headwaters of the St. Lawrence river and Great Lakes system. At that time it was not known whether this point was north or south of the forty-ninth parallel, but it was known to be close to it. The understanding was that from that point the boundary should go north or south to the forty-ninth parallel, as the case might be. Later and more accurate surveys showed that point was about 25 miles north of the forty-ninth parallel, and so at this place the boundary makes a jog above that line. Uncle Sam thus has a little piece of territory of about 100 square miles in extent north of the general boundary. And the joke of it is that any one has to go by water in order to reach this little piece of territory unless he wants to go through Canada.—The Pathfinder.

OLD FORT BUILT BY RUSSIANS

Archeologist's Explanation of Ruins of Building on the Northern Coast of California.

Ruins of buildings on the old Weske ranch, near Windsor and about thirteen miles north of Santa Rosa, Cal., hitherto unexplained, now are thought to be the work of people of mechanical skill, probably Russians, who erected the buildings 100 years or more ago.

That the edifices were not the work of the Spaniards is taken for granted, as the history of this country under Spanish rule is sufficiently complete to give assurance that some record of the construction of the buildings would have been left.

The construction is too exact to have been the work of the Indian races and local investigators have decided that the ruins are those of a large fort or fortified settlement built by Russians early in the last century.

The ruins have the appearance of being parts of a once massive fortification. In one place there stands a part of the wall, twenty feet in height, thirty feet long, thirty feet thick at the ground and tapering to a width of ten feet. It is built of basalt slabs about twenty feet in length and irregular prismatic shape.

Russians under Admiral Kuskoff, Admiral Kotzebue and Count Razanoff made a determined effort to establish themselves along the northern coast more than 100 years ago.

"Miracle" Quickly Explained.

A good-natured curate, who firmly believed that God was continually working miracles to enable him to help the needy, and who seldom had a coin in his pocket, was accosted one day by a beggar woman. He pleaded utter lack of money, but on the mendicant beseeching him to search his pockets he hopefully put his hand in one, and to his amazement and joy found a five-shilling piece there. "Another of God's miracles!" he exclaimed; and then, addressing the woman: "This coin belongs to you of right. Take it and go in peace." Having told the story a few hours later to his worldly minded parish priest, and suggested that they should both go down on their knees and render thanks to God, a strange, unpleasant light suddenly broke on the mind of the shrewd pastor, who exclaimed: "Good heavens! Are those my breeches that you've or you?"

Value of Labor.

Labor is a commodity to be bought and sold notwithstanding the maudlin criticism of some theorists, writes C. W. Post in Leslie's. Labor is not the man himself, whom I consider a part of the divine, but labor is his output just as the farmer and it is a subject for purchase and sale, and upon its value depends its demand and its quality. There are two kinds of labor, the one manual and the other mental. When the skilled workman possesses a trained mind which directs his hands, he rises in value, and when he reaches a plane where his mind is so well trained that he in turn becomes a creator and must needs devise and direct, he then requires other hands to carry out his ideas. Then he again rises in the plane of value to humanity, and his compensation must keep pace.

Which He Rose to Remark.

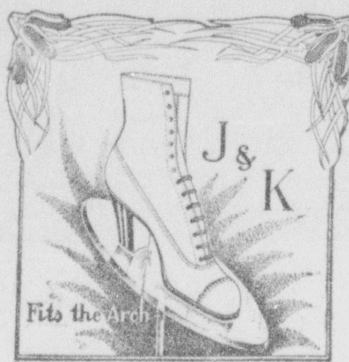

They were at the grocery, all with recollections of many a shocking case of tremendous weather to recount, and none was left out. Then one ancient rose and said:

"In seventeen hundred an'—"
But they cut in on him there, and told him they wouldn't do it if they was him, 'cause see how all-swizzlin' old it'd make him, they said. But the ancient pushed his specs up on his forehead and went right on:
"What I was goin' fer to say was," said he, "that in 1,799 cases outen 1,800 where folks remembered setch spells o' hair-raising weather there ain't a dang word of 'em so!"—Brownie's Magazine.

The Way Out.

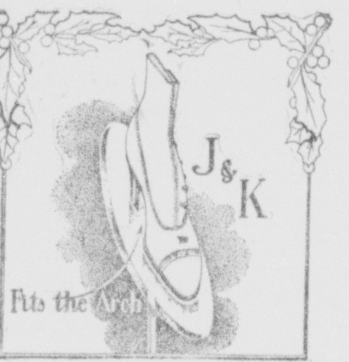

"Martha," said Parson Hurdly to his wife, "I'm disturbed about old Brother Grabbit's funeral. As you know there isn't a good thing that I can truthfully say about him, and I am quite averse to any hypocritical eulogy, even at a ceremony of this kind."
"Well, Theophilus," suggested his wife, "can't you get around it by saying that a more deserving person has not died in this town for years?"

After a summer's vacation the Young Ladies' Mission Circle of the First Christian church will meet Saturday afternoon at 2:30 o'clock at the home of Mrs. Ellis Cook, 619 West First street. A full attendance of the membership is desired.

Bringing His Bride Home.

Mr. and Mrs. T. C. Hollowell will arrive in Maryville Wednesday night from St. Paul, Minn., where they were married last July. They will be at Mr. Hollowell's home, on East Second street. Mrs. Hollowell waited until her sons were settled in college before coming to Maryville to make her home.

Club Will Give Party.

The I X L Embroidery club met Wednesday afternoon at the home of Mrs. Robinson Craven. After the work hour the hostess was assisted in serving luncheon to her guests by Mrs. Anna Stauble and Mrs. John H. Anderson. During the business session arrangements were made for a club party at the home of Mrs. A. J. Anderson next Monday night in honor of one of the club members, Mrs. John Anderson, and her husband, who leave next week for Wyoming to make their home.

Double Wedding at Rosendale.

The following account of the double wedding of a brother and sister, J. B. Wyatt and Miss Lulu Wyatt of Rosendale, former students at the Northwest Normal, published in the Savannah Reporter, will be of more than passing interest to their former associates:

The strains of Lohengrin and Mendelssohn rang out from Rosendale Christian church Wednesday evening, accompanied by the sweet music of the patter of an abundance of rain for which every one had been longing for over two months and somewhat appeased the disappointment of about three hundred people who were unable to attend the double wedding of J. B. Wyatt and Miss Grace Randelman and George Chester Baum and Miss Lura Wyatt.

There has not been a church wedding and especially one so elaborate in Rosendale for many years, and the relatives of these four promising young people had anticipated great joy in being witnesses to this event, which was conventional and beautiful

and inspiring in its solemnity.

Hydrangea and golden rod effectively and tastefully beautified the auditorium of the church, and many were present, notwithstanding the steady downpour at the appointed hour, 8 p. m. Mrs. A. A. Hopkins played a Nocturn, by Lebig, as first to the musical prelude and then she accompanied Mrs. J. L. Beagler of Savannah, who sang "All For You," and afterward Mrs. Hopkins played "Hearts and Flowers" and Mrs. Beagler's other songs were "Sweetheart" and "I Love You Truly."

As the sweet strains of Lohengrin thrilled the audience the church doors were opened and the ushers, John Atwell of Chillicothe and Paul Wachtel of Rosendale, preceded the bridesmaids, Miss Mary Snyder and Miss Ruth Snyder, both of Barnard, who wore yellow messaline and carried yellow roses. Next came the pretty little flower girls, Miss Margaret Genter and Miss Helen Wachtel, arrayed in accordance plaited yellow messaline, and from their flower baskets the pathway was strewn with sweet flowers for the brides. A custom as beautiful and as symbolical and impressive now, and will ever continue to be, as it was when inaugurated hundreds of years ago.

The brides were beautiful in their white shadow lace over charmeuse satin trimmed in rhinestone and pearl ornaments, padded on train of full length veils, each carrying a bouquet of bridesroses. Reed Randelman of Barnard came down the aisle supporting his daughter, and W. L. Wyatt of Rosendale, his only daughter. When the brides reached the altar they were met there by the grooms, who came from the vestry. Elder W. A. Chapman said the words first uniting the lives of Miss Phoebe Grace Randelman and J. B. Wyatt, and then those of Miss Lulu Ellen Wyatt and George Chester Baum. During the ceremonies "Annie Laurie" was softly played and Mendelssohn was rendered for the recessional for the bridal parties.

Mr. and Mrs. Wyatt will live on a farm northwest of Rosendale, and Mr. and Mrs. Baum will live southwest of Rosendale. Mr. Wyatt was a student in the Maryville Normal and Mr. Baum finished the Chillicothe high school and took agriculture at the Missouri university, and is the son of Jacob Baum and wife. The best wishes and the heartiest congratulations are for these highly respected young people.

Penelope Club Meeting.

Mrs. John Herron entertained the Penelope club Wednesday afternoon at her home, 405 West Third street. Nearly all the members were present and spent a delightful afternoon. The host served an elaborate luncheon. During the business session the club voted to send flowers to a sick member, Mrs. R. H. Duncan. As a courtesy to Mrs. G. A. VanSteenbergh, the originator of the Penelope club, the members sent a beautiful collection of flowers to her at Denison, Ia., last week, on the day of the funeral of her sister, Mrs. W. J. McAdams, where she and her family had been summoned. The visitors at Wednesday's meeting were Mrs. James Rowell of Des Moines, Ia., who was the guest of her mother, Mrs. S. J. DeArmond; Mrs. Fred Smith, Mrs. T. H. Cook, Mrs. L. L. Holbrook and Mrs. J. C. Allender.

Reception at Skidmore.

A new lodge, the American Fraternal Union, is being inaugurated at Skidmore, and receptions are being given by the leaders to propagate its principles and secure new signers until fifty are secured to insure its institu-

tion. The reception Wednesday night at the I. O. O. F. hall was largely attended and a delightful social time resulted. Miss Beulah Hoagland was first winner in an amusing guessing contest, the prize being a free membership in the new lodge, and Mrs. Ida Howard stood second in the contest, which entitles her to membership for the sum of \$2. Supper was served at the close of the evening.

Married Thursday Afternoon.

A wedding occurred Thursday afternoon at 4 o'clock at the home of Mr. and Mrs. James Murray, on Lover's Lane, when their daughter, Miss Elizabeth Murray, was united in marriage to Rev. William C. Porter of Mayetta, Kan.

A Woman Scorned tonight—Fern.

Why Married Men Live Long.
The reason a married man lives longer than a single man is because the single man leads a selfish existence. A married man can double his pleasure. Any time he has a streak of good luck it tickles him all over, but it makes him feel twice as good when he tells his wife about it. And she is so pleased and proud that he feels like a two-year-old. There isn't a chance in the world of a man's arteries hardening or his heart weakening when he can get a million dollars' worth of pleasure out of making his wife happy.—Cincinnati Enquirer.

GOLD STANDARD VOTED INTO BILL

'Insult to Four-fifths of Party,'
Charged by Insurgents.

SAY ISSUE SETTLED LONG AGO

Bolting Caucus When Currency
Mississippi Representative Talks of
Measure Amendment Is Adopted.
Murdoch Tries to Fan Flames.

Washington, Sept. 18.—An eleven-
hour revolt from the will of the caucus
and the leadership of the banking and
currency committee spread among
Democrats of the house when the ad-
ministration currency bill was within
the shadow of the final vote upon its
passage. It threatened for a time to
reach serious proportions, but the
party leaders finally got the situation
in hand again.

Chairman Glass of the committee
and other leaders siding with him were
plainly worried and their predicament
afforded unconcealed amusement to
the Republicans and Progressives.

The revolt lasted through many
speeches on the Democratic side, sev-
eral from across the aisle and one
vote, on which more Democrats de-
serted the committee than had left its
standard on any of the mooted ques-
tions brought up before.

Cause of Trouble.

An amendment, designed to main-
tain all legal money at a parity and
insure the retention of the gold stand-
ard, caused all the trouble. Some
Democrats professed to see in it a re-
vival of the old issue of bimetalism
and openly charged that the commit-
tee in indorsing such an amendment
was offering a gratuitous insult to
four-fifths of the Democratic party.
That issue they pointed out was set-
tled sixteen years ago.

Representative Witherspoon (Miss.)
was the first to announce that with
such an amendment tacked to the bill
he would bolt the caucus and vote
against it.

"I never will vote for it," he shout-
ed, "for I am an honest man."

Taunt by Murdoch.

"The Republicans are playing pol-
itics with you," was the taunt of Mur-
doch. "They propose to get a sep-
arate vote on the amendment and the
bill in the house and put you Demo-
crats on record. It's a trap that they
are asking you to walk into—if you
want to walk into it, go ahead."

At the conclusion of Murdoch's
speech, Representative Wingo an-
nounced that he would demand sepa-
rate votes on the amendment and the
bill. The Democrats paid little heed
to the "warning" and the vote stood
104 to 88 for the amendment.

WOMAN GETS PRISON TERM

Mrs. Acoff of Des Moines Sentenced to
Two Years for Forgery.

Kansas City, Sept. 18.—Mrs. Minnie
Acoff of Des Moines, Ia., who when
arrested for passing worthless checks
at two local department stores, gave
as her excuse that she forged the
checks to save her two young children
from starving, was sentenced to two
years in the penitentiary by Judge
Lathrop in the criminal court.

Mrs. Acoff's story of being deserted
by her husband and of a struggle with
poverty failed to impress the court.
Evidence was cited that the woman
was charged with forgery in Wichita
and other cities. Mrs. Acoff's daugh-
ters, six and eleven years old, were
placed in care of the juvenile court.

Homes of Millionaires Looted.

New York, Sept. 18.—Residents of
"Millionaire's Row" on Seventy-ninth
and Eightieth streets, just east of Cen-
tral park, estimated that burglaries
during the summer had cost them
\$200,000. The latest robbery occurred
at the home of Mrs. Karl Wallach.
Mrs. Wallach's son said that the
thieves had taken silverware, jewelry,
furs and household goods worth \$100,
000. Several families learned of their
losses for the first time when they re-
opened their houses after being ab-
sent during the summer.

Sulzer's Fees Defeated.

New York, Sept. 18.—Governor Sul-
zer's threat to make the Democratic
assemblymen smart for defeating his
direct primary measure was recalled
when primary returns showed that
nine of the assemblymen who voted
against this measure and for his im-
peachment were defeated for re-elec-
tion.

Folk to Be Given Job.

Washington, Sept. 18.—Joseph W.
Polk's candidacy for solicitor of the
state department has advanced to a
point where congressional friends of
the former Missouri governor declared
his appointment had been settled by
President Wilson and that his nomi-
nation would go to the senate today.

Half Million-Dollar Fire at Buffalo.

Buffalo, Sept. 18.—That there was
no loss of life in the fire which swept
the upper two floors of the Hotel
Brozel was made certain when the
last of the 250 guests, who fled to
other hotels, was accounted for. The
total loss from the fire was \$500,000.

Political Riot Near Naples.

Naples, Sept. 18.—There was a po-
litical riot at Casoria, six miles from
this place, during which an octo-
narian priest was killed and a prominent
politician mortally wounded.

Deafness Cannot Be Cured

Local applications, as they cannot reach
the portion of the ear. There is only one
way to cure deafness, and that is by constitu-
tional remedies. Deafness is caused by an inflamed
condition of the mucous lining of the Eustachian
tube. When this tube is inflamed you have a
ringing sound or imperfect hearing, and when
it is entirely closed deafness is the result, and
unless the inflammation can be taken out and
this tube restored to its normal condition, hear-
ing will be destroyed forever. Nine cases out
of ten are caused by Catarrh, which is nothing but
an inflamed condition of the mucous surface.
We will give One Hundred Dollars for any case
of Deafness caused by Catarrh that cannot be
cured by Hall's Catarrh Cure. Send for cir-
cular, free.

Beautiful Fall Suits and Coats for Women and Misses

Never before has there been shown in Maryville such a beautiful assort-
ment of stylish Suits and Coats for women and misses. The best manufac-
turers in the United States have contributed to this showing. The styles are
not extreme, but rather conservative, embodying as much of the Parisian
effects as are consistent with good taste. You will be more than pleased
with our wonderful values.

Fall and Winter Coats \$25

Our showing of twenty-five dollar Fall and Winter Coats is a pleasure
to the eye. The workmanship, material, style and linings are superior to
anything ever seen in Maryville.

The following materials are the newest: Vral and Persian Lamb, As-
trakan, Maltasse, Chinella, Zibiline, Eponge, Novelties, Boucle, and Seal
Plush.

The colors are black, blue, gray, brown, taupe and mahogany.

The linings are very pretty, black and fancy colored satin.

The three-quarter and full length coats are the best this season. Many
of these coats have the new mandarin and raglan sleeves.

Also great values in Coats from \$7.50, \$10.00, \$12.50, \$15.00, \$20.00,
\$22.50, \$27.50, \$30.00 and \$40.00.

Jacket Suits \$25

Our new twenty-five dollar Suits represent the greatest values we
have ever offered. Beautiful Serges, Cheviots, Eponge, Maltasse, Novelties,
Wool Poplin and Diagonals in all the new shades, such as the new mahog-
any and carrot shades, bergundy, brown, taupe, black, navy and wine.

JACKETS—The new Jackets are long the cutaway effect. Most of
the trimmings are very plain.

SKIRTS are inclined to the draped effects, many are slightly slashed.
All of the skirts are narrow at the bottom and full across the hips.

Also large assortment of Suits for \$15.00, \$18.50, \$20.00, \$30.00, \$35.00,
\$40.00 and \$45.00.

SCHMIDT PLANNED PLACE OF REFUGE

Apartment Hired by Priest Three
Days After Woman Slain.

New York, Sept. 18.—That Hans
Schmidt, the Jekyll-Hyde priest, whose
double life was exposed Sunday, when
he was arrested and confessed the
murder of Anna Ammiller, after kill-
ing the girl and dismembering her
body in a Bradhurst avenue flat, hired
another apartment, in which he pre-
sumably planned to conceal, was de-
veloped from police discoveries.

Evidence also was found linking
closer and for a longer period than
had been supposed the lives of
Schmidt and his alleged counterfeiting
partner, the unlicensed dentist, Dr.
Ernest Muret.

The latter, papers found in his of-
fice by official searchers indicate, had
left London for some offense com-
mitted while practicing medicine there,
and had practiced in Chicago under
the name of "Dr. Arnold Held," leav-
ing that city and dropping the name
of Held some time subsequent to July,
1909. Although Muret has claimed he
met Schmidt only six months ago, evi-
dence has appeared that they had
business relations as long as two
years ago, and that the dentist long
had knowledge of Schmidt's counter-
feiting experiments.

The police have not abandoned hope
of finding the head of the Ammiller
girl. They investigated a gruesome
story about a solitary fisherman who
hooked something heavy in the North
river. Just as the supposed catch was
nearing the surface it dropped off the
hook, leaving a long human hair.
said to resemble in color the hair of
Anna Ammiller.

DIGGS SENTENCED TO TWO YEARS IN PRISON

Caminetti Given Eighteen Months
for Violation of Mann Act.

San Francisco, Sept. 18.—Maury I.
Diggs, former state architect of Cal-
ifornia, was sentenced by Judge Van
Fleet in the United States district
court to serve two years in the federal
penitentiary on McNeil Island, and to
pay a fine of \$2,000 for violating the
Mann white slave traffic act.

F. Drow Caminetti was sentenced to
eighteen months at McNeil Island and
to pay a fine of \$1,500 for a similar
offense.

A ten-day stay of execution was
granted, and for that period Diggs
was admitted to bail in the sum of
\$15,000 and Caminetti in the sum of
\$10,000.

The stay of execution was granted
in order to permit the defense to per-
fect an appeal to the United States
circuit court of appeals for a writ of
error. Motions for a new trial and for
arrest of judgment were denied.

The offense charged was that the
prisoners transported Marsha War-
rington and Lola Norris from Sacra-
mento to Reno for immoral purposes.

Roger Thompson Released.

Sherbrooke, Que., Sept. 18.—"Gen-
tleman" Roger Thompson, the chauff-
eur who drove Harry K. Thaw away
from Matteawan in a big black touring
car, was set at liberty. The crown
authorities said they had no evidence
to offer against him.

Thaw Is Taken to Concord.

Concord, N. H., Sept. 18.—When Har-
ry K. Thaw reached here from Littleton
he was taken directly to a hotel. Sev-
eral hundred people were gathered at
the railroad station. They cheered as
Thaw alighted from the train.

HOTCHKIN'S Variety Store

Keeps Your Stove "Always Ready for Company"

A bright, clean, glossy stove is the joy
and pride of every housekeeper. But
it is hard to keep a stove nice and shiny
unless Black Silk Stove Polish is used.
Here is the reason: Black Silk Stove
Polish sticks right to the iron. It does
not rub off or wash off. Its shine lasts four
times longer than the shine of any other
polish. You only need to polish once
a month, and your stove will be
cleaner, brighter and better looking than
it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove.
Use a can from your hardware or stove dealer.
If you do not find it better than any other stove
polish you have ever used before, your dealer is
unwilling to refund your money. But we feel
sure you will agree with the thousands of other
satisfied women who are now using Black
Silk Stove Polish and who say it is the "best
stove polish ever made."

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove
Polish costs you no more than the ordinary kind.
Keep your grates, registers, fenders and stove
pipes bright and free from rusting by using
"BLACK SILK AIR-DRYING ENAMEL." Brush
with each can of enamel only.

Use BLACK SILK METAL POLISH for silver,
brass, nickel, tinware or brass. It works quickly,
easily, and leaves a brilliant surface. It has no
odor for use on automobiles.

CONFEDERATES NOT IN PARADE

Their Participation in G. A. R.
Pageant Prevented.

BEERS GIVES AN EXPLANATION

Knew Nothing About "Dixie" Veterans
Having Been Invited—Twelve Thou-
sand Union Survivors Trudge
Through Rain.

Chattanooga, Tenn., Sept. 18.—En-
forcement of an order excluding women
and civilians from the forty-seventh
annual parade of the Grand
Army of the Republic prevented the N.
B. Forrest camp of United Confed-
erate Veterans from participating in the
pageant. Clad in their gray uniforms
the southerners were preparing to
form in the line of march with For-
sythe post No. 15 of Toledo, O., when
they were informed of the order.

An invitation to join in the parade
had been tendered to Colonel L. T.
Dickinson, commander of the Forrest
camp, by Colonel Henry N. Hanson,
commander of the Forsythe post. Just
when they were ready to take their
places Colonel Hanson informed Col-
onel Dickinson that the commander of
the Department of Ohio, Colonel W.
R. Warnock, had been instructed to
bar everyone from the parade except
union veterans. Colonel Hanson ex-
pressed deep regret over the incident.
The confederate veterans also ap-
peared distressed, but as they marched
quietly back to their headquarters
they were greeted with cheers by the
union veterans.

Dickinson's Statement.

In a statement Mr. Dickinson said:
"We regretted the incident very
much, but I believe our comrades,
and especially those in the Forsythe post,
were never more distressed. We hold
no ill-feeling towards the rank and
file of the boys in blue. The boys in
blue are with us and for us and we are
with and for them. To show that there
is no hard feeling against any of them,
we are tendering an invitation to visit
our camp tonight. This invitation is
to the rank and file of the boys in blue."

The following explanation of the in-
cident was made in a statement by
Commander in Chief Beers of the
Grand Army of the Republic:

"Yesterday I learned that there was
a body of women here planning to
take part in the Grand Army of the
Republic parade. I also understood
that these women were from the state
of Ohio. For this reason I called the
attention of the commander of the de-
partment of Ohio to the following ex-
tract from general order No. 10, which
reads: 'Women and civilians are pro-
hibited from participating in the pa-
rade and department commanders are
directed to enforce this order in their
respective departments.'"

Did Not Know of Invitation.
"I did not know that an invitation
had been extended to confederate vet-
erans to take part in the parade and
never heard that there was any inten-
tion of extending an invitation to the
N. B. Forrest camp, United Confed-
erate Veterans. It was certainly not
tendered by headquarters."

"The Forrest camp of Confederate
Veterans was excluded in accordance
with a general order issued Sept. 2,
1912, barring all persons from the pa-
rade except Grand Army of the Re-
public members. This order was based
on a custom which has been observed
in the past."

Twelve Thousand March.

Fully 12,000 union survivors of the
Civil war marched through the streets
of Chattanooga in the parade. In the
face of a steady rain the veterans
trudged between human walls of cheer-
ing spectators along the entire route.

Other events in connection with the
enactment were a reproduction of the
battle of Missionary Ridge and a
Grand Army campfire at the city audi-
torium.

REFUGEES REACH SAN DIEGO

Say Hunger, Not Bullets, is Greatest
Foe in Mexico.

San Diego, Sept. 18.—The cruiser
Buffalo arrived here with 139 refugees
picked up along the west coast of Mex-
ico. Most of them were destitute
when they boarded the ship and many
of them give visible evidence of the
privations they had experienced in the
revolutionary republic when they
landed here.

According to Captain von Blamer
of the cruiser, there is little danger to
Americans in the Mexican ports he
visited. The refugees, he said, had
left Mexico because of President Wil-
son's warning.

Hunger, not bullets, was the enemy
the refugees had to fight in Mexico.
Most of them managed to obtain food
of some sort, but the pinched faces
of the children aboard the Buffalo
showed that nourishing food was
scarce.

Cook Book With Marriage License.

Chicago, Sept. 18.—A plan, which
he declares will curb the divorce evil,
improve the digestion, increase the
happiness of Chicagoans, and add \$10,
000 a year to the county treasury, was
suggested to the county board by
county clerk Robert M. Switzer.
Switzer presented an offer of a local
publishing house to pay the clerk 25
cents each for handing each applicant
for a marriage license one of its cook
books.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair Gets Soft, Fluffy
and Luxuriant at Once—No
More Falling Hair.

If you care for heavy hair, that
glitters with beauty and is radiant
with life; has an incomparable soft-
ness and is fluffy and lustrous, try
Dandarine.

Just one application doubles the
beauty of your hair, beside it immedi-
ately dissolves every particle of dan-
druff; you cannot have nice, heavy,
healthy hair if you have dandruff.
This destructive scurf robs the hair
of its lustre, its strength and its very
life, and if not overcome it produces
a feverishness and itching of the
scalp; the hair roots flail, loosen
and die; then the hair falls out fast.

If your hair has been neglected and
is thin, faded, dry, scraggy or too
oily, get a 25-cent bottle of Knowlton's
Dandarine at any drug store or toilet
counter; apply a little as directed and
ten minutes after you will say this was
the best investment you ever made.

We sincerely believe, regardless of
everything else advertised, that if you
desire soft, lustrous, beautiful hair
and lots of it—no dandruff—no
itching scalp and no more falling hair
—you must use Knowlton's Dandarine.
If eventually—why not now?—Adver-
tisement.

ERA MARKED BY GREEDINESS

Present Generation Demands Too
Much of Everything, Is the Op-
inion of Woman Writer.

"It is the mark of our era to want
more or everything than we can use,
yet when we get the too much we de-
mand, we are crushed by it, as Tar-
peia was crushed by the shields,"
writes Cornelia A. P. Comber in the
Atlantic.

"I have often thought that the
sheer brute mass of life—of people to
know, of books to read, of plays to
hear, of pictures to see, of things to
do, to buy, to learn, to enjoy—within reach
of a well-to-do person in the modern
world, far outruns the capacity of any
human being to take it in and make
of it the same whole that a life should
be."

"Yes, yet we go crazily on, trying
to expand to illimitable possibilities,
thinking we shall be happier so soon
as we have discarded all our present
possessions and opportunities for big-
ger, newer, richer ones. How many
of us do you know who have not met
a disappointed increase of income with
a corresponding enlargement of the
whole scale of living, a senseless ex-
pansion sometimes outrunning their
power of ability to choose for it?
There is no future but chaos for a so-
ciety with such ambitions. They are
self-destructive and can only lead to dis-
aster."

THOUGHT NIGHT HAD PASSED

Tired Farm Hand Lost All Track of
Time in His Brief But Evident-
ly Deep Slumber.

When you are wide awake it is
a responsible hard to estimate the pas-
sage of time. On one occasion you
did it hard to believe that several
hours have elapsed, and on another
the day may drag so slowly that the
noon seems to have shirked its duty.
While you are asleep the calculation
of time is, of course, almost impos-
sible, as this incident, told by a farmer's
son at the corner store one rainy
morning, aptly illustrates:

Father hired a new hand last night
—a big, good-natured Dutchman. Evi-
dently the poor fellow was tired from
tramping about the country, for he
went to bed immediately after supper.

As usual, father went down to the
cellar about 9:30 to throw some coal
in the furnace and adjust the drafts
for the night. Evidently this made
enough noise to rouse the new hired
man, for mother, who was sitting be-
side the table in the dining-room, saw
the stair door suddenly open and dis-
close the broad form of the Dutchman.
Blinking drowsily before the light, he
exclaimed:

"Good morning, Missis! Good morn-
ing! I could chust as well haf come
down von hour ago if you had only
voked me up!"—Youth's Companion.

Take a walk through the cemetery
alone and you will pass the resting
place of a man who blew into the
muzzle of a gun to see if it was load-
ed. A little farther down the slope is
a crank who tried to show how close
he could stand to a moving train
while it passed. In strolling about
you see the monument of the bird
girl who tried to start the fire with
hererosene, and a grass-covered knoll
that covers the boy who put a cob
under a man who blew out the gas,
casts a shadow over the boy who
tried to get on a moving train. Side
by side the pretty creature who al-
ways had her corset laced on the last
ride and the intelligent idiot who
rode a bicycle nine miles in ten min-
utes sleep unmolested. At repose is
a doctor who took a dose of his own
medicine. There with a top of a shoe
on driven over his head is a rich old
man who married a young wife. Awa-
y there reposes a boy who went
dancing on Sunday, and the woman
who kept strychnine powders in the
cupboard. The man who stood in
front of the moving machine to see
a wheelie is quiet now and rests be-
side the careless brakeman who fell
off to the railway on engine and
may be seen the grave of the
man who tried to whip the editor—

FAINTEST OF BIRD'S NESTS

Single Leaf of Ordinary Size Will Con-
ceal the Home of the Hum-
ming Bird.

The most exquisitely dainty home
built by the bill and feet of birds is
that of the ruby-throated humming-
bird, says a writer in the Craftsman.
When completed it is scarcely larger
than an English walnut and is usually
added on a small horizontal limb of a
tree or shrub frequently many feet
from the ground. It is composed al-
most entirely of soft plant fibers,
fragments of spiders' webs sometimes
being used to hold them in shape. The
sides are thickly studded with bits of
lichen, and practiced indeed is the
eye of the man who can distinguish it
from a knot on the limb. The eggs
are the size of quinine pills.

Although the humming bird's nest
is exceedingly frail, there appears to
be nothing on record to show that any
great numbers of them come to
grief during the summer rains. It is,
however, not called upon for a long
tenure of occupancy. Within three
weeks after the two little white eggs
are laid the young have departed on
their tiny pinions.

Advice to Consumptives.

The only safe course for a person
suffering from consumption is to se-
lect a good physician, and be guided
in all things by that physician's ad-
vice.

If a new cure is discovered during
your illness your doctor will know it.
If the cure is genuine he will know
that and be the first to insist on ap-
plying the new remedy to your case.
If the so-called cure is a fake his cau-
tion will save you from wasting val-
uable time and strength pursuing will-
o'-the-wisps.

Meantime, while waiting on new
discoveries, he will keep you on the
commonplace, but effective prescrip-
tion of rest, plentiful diet, and all
the fresh air there is. This regime
has cured tens of thousands of cases
of tuberculosis, and will cure hun-
dreds of thousands more.

Jenny Lind's California Debut.

At Monterey, Cal., formerly a part
of Mexico, and ceded to the United
States during the Mexican war, is the
first public building built in California
and now a broken-down, weather-
racked ruin of adobe, relates the
Health Magazine. In this building
Jenny Lind made her first California
debut, and when the gold the enthu-
siastic miners had thrown upon the
stage after her performance was gath-
ered up it was found to fill two five-
gallon oil cans—about twenty pounds
of gold, and equal in value to about
\$5,000. Another curious building is a
police station which is built within
the braces of an oil derrick, and for
unique buildings certainly establishes a
record.

Abducted in Her School Days.

The mistress was a leading member
of the village women's club, and was
particularly interested in the courses
of reading and literary criticism,
which were the subjects of written
essays.

One day she had occasion to remind
her maid-of-all-work of some short-
coming. This led to a week's notice
from the latter, accompanied by the
remark: "Sure, and I won't take that

Practical Opposed to Ideal.

Among the legends connected with
the great Cardinal Borromeo, the fol-
lowing is told to visitors to the huge
palace of that ancient family on the
Borromeo islands in the Italian lakes.
When Cardinal Borromeo had shown
Cardinal Giulio the vast abode which
he had just completed, the latter main-
tained a strict silence until they had
inspected the whole. When departing,
he said: "Your eminence, I have been
reflecting that the huge sums spent
on this place might have been given
to the poor." Cardinal Borromeo re-
plied: "Your eminence, they have been
given to the poor. But our notions
of charity differ. I pay the poor for
their labor, and your eminence for
their idleness."

SAVINGS DEPARTMENT

The officers of the Nodaway Valley Bank wish to announce the es-
tablishment of a Savings Department in connection with this institu-
tion.

This department will take care of your savings, paying interest
semi-annually, and render every assistance in cultivating the habit of
saving money.

No one need be ashamed to save money. No one need be ashamed
to start with as little as a dollar. The habit of saving money, if per-
sisted in, is bound to make for financial independence and to make a
good citizen of the "man with the habit" as well.

You may start an account in our Savings Department with a dollar
and make deposits from time to time. No red tape. No formality.
Simplest thing in the world and think what it means.
